the australian greens

The Australian Greens is a confederation of eight state and territory parties.

The Greens are founded on the principle of grassroots democracy, which means that every member can have input into key decisions.

By joining your state or territory party, you become a member of the Australian Greens - helping to achieve a fair, sustainable and independent Australia.

The Greens are the growing third force in Australian politics. We promote a progressive agenda based on four principles:

ecological sustainability

social justice

peace & non-violence

grassroots democracy
