**STANDING UP FOR WHAT'S RIGHT,
NOT JUST WHAT'S EASY.**

**FOR PORT
ADELAIDE
P.T.O.**

CLIMATE CHANGE: Taking effective action by putting a price on carbon, making polluters pay, setting stronger targets and supporting renewable energy.

WATER: Safeguarding water for SA with an independent national authority to manage the Murray Darling Basin - adequate environmental flows to save the Lower Lakes and keeping water in public hands.

ASYLUM SEEKERS: Providing compassion for asylum seekers with a practical and long term immigration policy – ending mandatory detention, children in detention and off-shore processing.

HEALTH: Delivering universal access to primary dental care and increasing funding for community-based preventative health and mental health services.

FAMILIES: Helping parents with six months paid parental leave & super, making childcare rebates fortnightly and boosting investment in education from early childhood through to university.
