Talk to me about what matters to you!

As your local member, I will strive to:

- ✓ Provide schools the resources needed to guarantee a quality education for ALL children
- ✓ Build communities, not just suburbs – every neighbourhood needs a corner shop, a community hall, a school and a childcare centre, with corridors of urban bushland and open recreational space
- ✓ Deliver local health services that are easily accessible
- ✓ Improve public transport, particularly for new suburbs
- ✓ Equip Power and Water to make the transition into a renewable energy economy
- ✓ Keep public assets in public hands to keep bills down
- ✓ Tackle social issues by meeting with local residents to develop community driven solutions

'I'm a proven performer. I stand for what matters.... and I take my responsibilities seriously!'
