2 Incidents Response

Modification History

Action	Body	Date
Approved	State Council	2019-09-07
Amended	State Council	2020-08-15

Purpose

1. The Australian Greens Victoria (AGV) is committed to providing a safe environment for all members, staff and volunteers. This requires developing a party culture whereby all members, staff and volunteers feel empowered to challenge unsafe behaviours when they see them, and to report any incidents that impinge on safety and wellbeing in the knowledge that they will be appropriately acted on.
2. The purpose of this policy is to ensure that we have systems, processes and clear responsibilities across the AGV for managing incidents.
3. The aim of this policy is to provide clarity on how to report and respond to incidents.

Scope

4. This policy applies to all people who conduct work for the AGV in a paid or unpaid capacity, including members, staff and volunteers.

Contact Persons

5. Contact persons are members who people can go to if they experience or witness an incident that impinges on their or another person's safety and wellbeing, including sexual harassment and child abuse or neglect.
6. All party bodies will appoint at least one contact person annually for a term of one year, and whenever a vacancy arises at any meeting, event or activity. Party bodies should try to ensure that there are contact persons of different genders-
7. A person may seek help from any contact person, not only a contact person of the party body where the incident took place.

Incident report

8. A person who experiences or witnesses an incident that impinges on their or another person's safety and wellbeing may report that incident to a contact person. If there is any concerning behaviour between an adult and a child, a person must report that to a contact person. If a child is being abused or neglected, a person must report that to a contact person who must then report that to the relevant authority, including the police or the child protection service in the local area.
9. If an incident is reported, a contact person will – or any other person who receives a report can – record the incident as outlined below, and advise the person of any available options for resolution, including the complaints process.
10. The person will then immediately provide this record to the State Convenor, State Secretary or the most senior staff member.

Incident Register

11. The State Secretary will record any incidents in an Incident Register, which will be kept confidentially and securely. Each incident report shall include:

- (a) the date and time that the report was made;
- (b) the name and role of the person to whom the report was made;
- (c) with permission only, the name of the person reporting the incident;
- (d) the date, time and location of the alleged incident;
- (e) details of the incident, including the nature and any parties involved;
- (f) whether there are any exceptional circumstances that require breaking confidentiality and reporting the matter as required by law;
- (g) the options discussed; and
- (h) any actions taken.

12. If there are any exceptional circumstances that require breaking confidentiality and reporting the matter as required by law, the State Secretary or their delegate shall do so, and include information about this in the incident report.

13. If the incident requires further investigation, the State Secretary or their delegate shall investigate the incident. They should refer any incidents that may amount to misconduct to the Misconduct Panel and may make changes to policies, procedures and practice in response to incidents.

Child safety and wellbeing

14. In any interaction with a child in the AGV, people are to behave appropriately and in accordance with any relevant policy.

15. Any person must report immediately to the State Secretary any factors in their own - or another person's - circumstances or history which may make it unsafe to have contact with a child, including all charges and/or convictions of sexual abuse or neglect.

16. For the purposes of this policy, a **child** is defined as any person under the age of 18.

Related organisational policies and procedures

17. This policy should be read in conjunction with the party's Code of Conduct, complaints guide, risk management framework and any policy on sexual harassment or child safety.

Policy status and review

18. The AGV is committed to developing ever more effective systems for managing incidents. This means all party bodies are responsible for ensuring that this policy is implemented.

19. Every six months, the State Secretary or their delegate shall issue an evaluation proforma to branches and working groups to track how they are complying with this policy. The State Secretary or their delegate will identify any systemic weaknesses and report on these to the State Executive, including any recommended improvements.

1. Elections (other than preselections) conducted by Branches and Regional Councils will adhere to the AGV Constitution (e.g. section 25 codifies the election of Branch office bearers).
2. The remainder of this bylaw codifies any elections (other than preselections) conducted by State Council, and the annual election process for State Office Bearers, the Victorian Campaign Committee Convenor, the Policy Convenor, and 'additional Branch Representatives' to State Council.

The State Returning Officer

3. Each Annual State Conference will include the election of the State Returning Officer by members of State Council, the position may be shared by up to 2 people.
4. The State Returning Officer's term begins at the end of the Annual State Conference at which they were elected, and ends at the end of the next year's Annual State Conference. Any casual vacancy of the State Returning Officer position will be filled by the State Council or State Executive at the first opportunity.
5. The State Returning Officer shall be responsible for conducting, or ensuring the proper conduct in accordance with the rules of, the following elections:
 - a) Elections of the State Office Bearers (section 16 of the Constitution), Victorian Campaign Committee Convenor (clause 54.1 of the Constitution) and Policy Convenor (clause 60.1 of the Constitution);

7. The State Returning Officer shall not be eligible to:

- a) Stand for election in any election which they will conduct. (Note: where there are two Returning Officers, one may stand for election in an election conducted by the other. Where there is only one Returning Officer, and they stand for election, or where both Returning Officers stand for election in a single election, a deputy returning officer approved by the State Secretary or State Convenor must be appointed pursuant to clause 8 below to conduct that election.)

 9. The State Returning Officer may appoint up to 3 people at any time to act as deputy returning officers to assist in the duties of the State Returning Officer. Final authority and responsibility remains with the State Returning Officer, except in the circumstances described in 7 (a) above, in which case the deputy returning officer will have final authority for that election.
 10. The State Returning Officer will ensure that where the implementation of any election requires the use of AGV office resources, measures are taken to ensure that the appropriate member of AGV staff is consulted, and that preselection materials (such as reply paid envelopes) are distinguished from those of any other election that may be occurring at the same time.

Ballots

11. Except where otherwise determined by the Constitution and bylaws, or a decision of the State Council or Executive, elections described in clause 5 will be conducted by secret ballot using paper or electronic voting.
12. A roll of eligible voters for any given election shall be kept by the State Returning Officer, with the names checked at the distribution of ballots and, for postal and electronic ballots, also at the return of ballots.

15. All ballots must include as an option, alongside nominees, the seeking of further candidates.

Results

16. The declaration of any result of any election conducted by the State Returning Officer shall be final. Whilst in some circumstances the governing body may declare a position vacant in order to conduct a new election, it is not able to deem the State Returning Officer's declared result to be incorrect.
17. All election documentation, including ballot papers and results, shall be kept by the Returning Officer for 60 days after the event. A report of the first preference distribution and the order of the election and elimination of candidates shall be made available to any candidate or elector on request.

Provisions Relating to Annual Elections in Advance of Each State Conference

18. This section shall apply to elections for positions described in clauses 5 (a) and (b), and further regulate elections described in section 16 and clauses 54.1, 60.1 and 40.2(b)(i) of the Constitution.
19. The State Returning Officer will ensure the publication, to all AGV members, of the relevant dates and deadlines associated with the elections (which shall include as a minimum the times of opening and closing of nominations and the deadline by which votes must be returned), and information for

prospective candidates, including a reminder of the need for diversity, which will be compliant with the Constitution and any relevant decision of State Council or Executive.

20. To nominate for election, eligible members shall provide the State Returning Officer with:

 - ii. Statements of support may include how long the supporting member has been a member, the name of the Branch to which the supporting member is registered, and any other information the supporting member may wish to include. The statement may be augmented by up to 75 words in order to include a brief list of positions held by the supporting member within the party; and
 - d) A clear photo of themselves (optional).
21. A nomination will be refused by the State Returning Officer if the member has not provided the information in the previous clause by the close of nominations. Otherwise, the State Returning Officer will confirm with all prospective nominees the list of approved nominees.
22. The State Returning Officer may revoke a nominee's nomination if they are in breach of any of rules of the party in relation to the election in question.
23. Nominees may not discuss their nomination or the election in question with any journalist, other than to confirm their candidacy.

- a) The ballot, or a link to the ballot, (if it is a paper ballot it must be signed by the State Returning Officer at the point of issue);
 - b) Return-addressed reply-paid or stamped envelopes, and secret envelopes, if the ballot is conducted by post;
 - c) A document, or a link to a document, containing each candidate's statement, photo (if provided) and the statements of their nominators, as well as voting instructions; and
 - d) a reminder of the need for diversity.

27. Voting options on ballots, other than the option of seeking further candidates, must be arranged by Robson Rotation.
28. Until the declaration of the result, nominees may not attend Branch meetings other than those of the Branch to which they are registered, except to carry out a specific duty, in which case they must nevertheless not discuss their nomination for the election in question at that Branch meeting.
29. Party bodies, State Office Bearers, persons employed by the AGV, and elected representatives, must not:
 - a) by any means, directly or indirectly, make a statement canvassing for or against votes for any nominee; or
 - b) provide any resources to aid any nominee
30. Notwithstanding clause 29, any member is entitled to act under clause 32 at hustings as long as they speak as an individual and not on behalf of their position or the body they represent.
31. Subject to the above, members are entitled to express their opinions on any nominees. However, any statements made in relation to nominees or candidates must not be misleading or deceptive and, unless in private communication, must be provided to the Returning Officer prior to the statement being made.
32. The Returning Officer (or their deputies) will be responsible for organising any “hustings” events accessible to all members, which shall enable all members in attendance to, subject to the facilitator’s and Returning Officer’s discretion:

The positions on proposals will generally be written in such a way so as not to preclude negotiated changes to the proposals at the relevant National Conference meeting.
20. The draft Victorian Positions Document will be distributed to State Councillors along with the National Conference proposals themselves accompanied with a request that State Councillors consult their Branch members, and specify those key items of importance that guidance is particularly being sought on.

Filling a Casual Vacancy for Regional Branch Representatives

Scope

1. This section of the by-law is made under clause 40.7 of the Constitution.
2. Where a casual vacancy occurs for a Branch Representative State Councillor elected under clause 40.2 (b) of the Constitution, i.e. elected from a Legislative Council region, the vacancy will be filled in accordance with this bylaw.

Process to Fill the Vacancy

3. If there is more than one vacancy, vacancies will be filled one at a time in accordance with the below.
4. The State Secretary will appoint two disinterested persons to determine which Branch in the Legislative Council region in question is the 'most underrepresented' by Branch Representatives.
5. In determining which Branch is 'most underrepresented', the two disinterested persons will be given access to a current database of members and will apply the following formula:
 - a) For each Branch assigned to the Legislative Council region in question which has 15 or more members, a figure will be determined which is the number of members in that Branch divided by the number of currently serving Branch Representatives (both Branch-elected and regionally-elected under clauses 40.2 (a) and (b) of the Constitution respectively) registered as members of that Branch;
 - b) The Branch with the highest figure will be determined to be the 'most underrepresented';
6. The Branch identified above will be notified by the State Secretary and may then appoint a Branch Representative to fill the casual vacancy.

Election of Schedule 1 Branch Representatives

Scope

7. This section of the by-law is made under Schedule 1 clauses 4 and 6(c) of the Constitution.
8. Where there is an election for a Branch Representative State Councillor for a Schedule 1 Local Government Area, i.e. the City of Greater Geelong, the Borough of Queenscliffe and the Shire of Yarra Ranges, the election will be conducted in accordance with this bylaw.

Process to Elect the Representative

9. The members in each Schedule 1 Local Government Area shall, if it has at least 15 members, elect one Branch Representative to State Council (including to a casual vacancy) by:
 - (a) a concurrent decision of all the Branches in existence within that Local Government Area; or
 - (b) failing a decision being reached, a postal or electronic ballot of all the members in that Local Government Area.

Participation and Alternate Representation

Scope

10. This section of the by-law is made under clause 40.9 of the Constitution.

Process

11. If a Branch Representative elected under clause 40.2(a) of the Constitution is unable to attend a particular meeting of State Council, then their Branch may appoint a member (the proxy) to act instead of the Branch Representative (the proxy giver) at that meeting, provided that the proxy is and will be eligible to be elected to the proxy-giver's position on State Council.
12. The State Secretary must be notified of the proxy's appointment by the Branch Convenor or Secretary, in writing, at least three days before the State Council meeting.
13. A Branch Representative may be a proxy giver no more than twice during the period between two consecutive Annual State Conferences.
14. No person may exercise more than one vote at State Council regardless of proxies.

1. This by-law elaborates the functions, powers and composition of the Victorian Campaign Committee (which shall be known as the Campaign Committee) and the Policy Steering Committee (which shall be known as the Policy Committee), the National Conference Committee, the Finance, Administration and Infrastructure Committee and the Membership Engagement Committee.

Delegation of Powers in specific matter

2. In addition to any specific power granted to any Standing Committee by the Constitution and this by-law, State Council or State Executive can, subject to such conditions as it thinks fit, delegate the making of any decision on a specifically defined matter within its power, to any Standing Committee or to two or more committees in which case the decision will require the agreement of each committee concerned. Such a decision is not considered merely procedural (i.e. it cannot be done merely by simple majority).
3. State Council or State Executive, and specifically the facilitator at the time such delegation is made, must ensure that the delegation is clearly defined and that the limits of the delegation are clear.
4. The terms of reference of each Standing Committee are deemed to include the delegation described in this section, but to avoid doubt, no delegation can be taken as including any power to change any By-law, and any such specific delegation (i.e. not included in the terms of reference) only operates for a specific period which must be defined in the delegation. Such a delegation may be made subject to such direction or condition as is specified.

State Executive not to direct Committees but may stay decisions

5. State Executive cannot direct any Standing Committee to make any particular decision and cannot direct its work (AGV Constitution Clause 46.8). However, State Executive may request a Standing Committee to review a decision, and may determine to put a stay on any decision of any Standing Committee, or part of a decision, pending the next State Council, or for such shorter time as it determines.
6. In addition, wherever it appears to an Office Bearer or to the Convenor of a Standing Committee that two or more Standing Committees have made inconsistent decisions, or that a Standing Committee

has acted outside its power the Executive may resolve the matter by making its own decision (except where this would involve the Executive making Policy), or otherwise acting beyond its powers (AGV Constitution Clause 46.5).

When a Standing Committee is to make a decision and when it is to make a recommendation

7. It is the intention of State Council that wherever the State Council has delegated to a Standing Committee under this by-law or otherwise, the power to make a decision (as opposed to State Council merely delegating a power to make a recommendation), then in the normal course of events it is expected that the Standing Committee will make decisions about these matters and will not merely make recommendations.
8. Therefore, there should be unusual circumstances why a Standing Committee only makes a recommendation where it could make a decision. Such circumstances might include the importance of the matter in the particular context, or the level of controversy about the matter in the Party.
9. It is the intention of State Council that wherever the State Council has delegated to a Standing Committee under its terms of reference, the power to make a recommendation, then in the normal course of events it is expected that the Standing Committee will make recommendations which do not require a further decision of the State Council, other than mere approval of the recommendation
10. If Standing Committee is of the view that an issue should be an item for discussion at State Council, this does not of itself mean it should fail to make a substantive recommendation, but the Committee may request the Secretary that the item be listed for discussion.

Quorum and QDMG

11. The provisions regarding quorum, QDMG and election of general members do not apply to the National Conference Committee.
12. The quorum for a meeting of a Standing Committee shall be at least half of its members. However quorum for the Finance Administration Infrastructure and Staffing Committee must also include any of the State Secretary or in their absence, the Assistant State Secretary, or the State Treasurer.
13. Each Standing Committee shall appoint a Quick Decision Making Group, which must have four members and must include at least one of the office bearers (or if no office bearer is a member of the Committee, at least one member of the State Executive). A decision by a QDMG must be supported by at least 3 members and must not be opposed by any member of the QDMG, and must be ratified in the minutes and Record of Decisions at the next meeting.

Election of General members of Standing Committees

14. General members of Standing Committees shall be elected by a postal or electronic ballot of all members prior to State Conference.
15. Any casual vacancy of a standing committee shall be filled by State council at the next meeting which allows for sufficient notice of the vacancy to be given to members, and the state Returning Officers may establish procedures to enable nominations to be lodged prior to that State Council meeting, and for voting to continue after that State Council meeting. State Council may delegate the filling of such vacancy to the Executive if insufficient nominations are received.

Removal of General members of Standing Committees

16. A member of a Standing Committee (other than a person who holds that position by virtue of holding another office, but including any Policy Sub-Committee) may resign in writing to the Convenor of the Standing Committee or to the State Secretary.
17. Wherever a member of a Standing Committee (other than a person who holds that position by virtue of holding another office):
 - a) fails to attend two consecutive meetings without apology; or

22. In performing their functions, each of the Campaign Committee (full session) and the Campaign Management Group shall be mindful of the intention of State Council in establishing these two bodies:
 - a) In many circumstances, the day to day political pronouncements of the Party are necessarily those of the Party's elected representatives, and there should be maximum co-operation between the Committee and those representatives. Nevertheless, the campaign resources of the Party should at all times be directed in support of positions consistent with Party policy, and the Campaign Committee has a responsibility to ensure this is the case.
 - b) The Campaign Committee's (in full session) primary functions are the recommendation to State Council of overall strategy, ensuring that strategy is being implemented, amending strategy when necessary, financial compliance, budget management, selection of major contractors such as advertising agencies, proper governance, and effective communication within the Party. While it will be required to exercise its political authority where controversy arises within the Party about day to day management issues, the Campaign Committee oversees but does not participate in the day to day management of Campaign issues. In light of this, it would be expected that the Campaign Committee would meet monthly, and more often during an election campaign period.
 - c) The Campaign Management Group is responsible to the Campaign Committee in full session for making day-to decisions about the content of campaigns and the allocation of resources under the control of the Campaign Committee. It would be convened by the Campaign Committee

Convenor whenever the need arises, and it would be expected to meet at least several times each week during an election campaign period. It must report all of its decisions to the Campaign Committee and these must be included in the minutes of the next Campaign Committee meeting. The Campaign Management Group can direct the day-to-day priorities of the Campaign Staff through the most senior staff member.

Scope and purpose

1. This bylaw gives effect to clause 55.5 of the Constitution.

Jurisdiction and Review of Standing Electorate Campaign Committees

2. The State Executive will appoint a person or establish a committee prior to 31 January in each year, which will be responsible for drafting a proposal (the draft report) to determine the number and jurisdiction of standing electorate campaign committees in accordance with this bylaw. The person or committee may be the same as that appointed under clause 14.1 of the Constitution.
3. The person or committee will receive all necessary support from AGV constituent groups, to enable that person or committee to present the draft report to the State Executive by 30 April in each year.
4. The person or committee will, by 14 April, set out as part of the draft report:
 - a) Each Victorian Legislative Assembly and House of Representatives lower house electorate with its newest boundaries (i.e. current boundaries or boundaries gazetted which will take effect at the next general election, whichever are newer), and whether each electorate will or will not be governed by a standing electorate campaign committee. In doing so, the person or committee will set out in the case of each electorate:
 - i) Whether it does not fall wholly or partly within the jurisdiction of a Branch, and therefore clause 55.4 (b) of the Constitution applies; or
 - ii) Whether it falls wholly or partly within the jurisdiction of a Branch, and therefore clause 55.4 (a) of the Constitution applies, and:
 - (1) It is an electorate where on the best information available the person or committee appointed under clause 2 above understands that all Branches in existence with coverage of that electorate have decided that there should not be a standing electorate campaign committee, including past decisions which have not been superseded, in which case there will be no standing electorate campaign committee; or
 - (2) All circumstances other than described in sub clause (1) above, in which case there will be a standing electorate campaign committee.
 - b) Key information about each standing electorate campaign committee. In doing so, the person or committee will set out in the case of each standing electorate campaign committee:

- i) Its name (which will usually take the form “[Electorate/s] State ECC” or “[Electorate/s] Federal ECC”);
 - ii) The electorate/s it covers (a committee can cover up to 3 State electorates or up to 2 Federal electorates (but not a combination of State and Federal electorates) if on the best information available the Branches in the relevant areas wish it to be the case, or if the pre-existing structure has allowed for it, otherwise there will be one committee per electorate. Where there is an incumbent Greens MP or by a decision of State Council including through the adoption of a campaign strategy identifying priority or winnable electorates, there will be one committee per electorate);
 - iii) Based on the report provided to the State Executive under clause 14.5 of the Constitution, the number of representatives each Branch is entitled to appoint as member of the committee, such that:
 - (1) If there is only one Branch which falls wholly or partly within the jurisdiction of the committee, that Branch shall be entitled to appoint 4 or 5 representatives;
 - (2) If there are two or three Branches which fall wholly or partly within the jurisdiction of the committee there will be six Branch representatives in total.
 - (3) If there are four or more Branches which fall wholly or partly within the jurisdiction of the committee there will be seven Branch representatives in total.
 - (4) The number of positions appointed by each Branch will be as closely as possible consistent with that Branch’s proportion of the membership in the relevant electorate(s), provided that then, without increasing the number, any Branch without a representative will be allocated one. Where any Branch entitled to one representative has advised that it does not wish to appoint such a representative, the number of positions determined in this clause will not take into account such a Branch.
 - iv) Whether the committee is currently suspended under clause 55.9 of the Constitution and when the suspension is to be lifted, if known.
5. The person or committee will then:
- a) Forward the draft report to all Branches, existing standing electorate campaign committees and the Victorian Campaign Committee for comment, not less than 14 days before its scheduled consideration by the State Executive;
 - b) Consider comments on the draft report which are received not less than 7 days before the draft proposal’s scheduled consideration by the State Executive, and any other comments as it chooses; and
 - c) Provide to the State Executive an updated draft report incorporating any amendments which are necessary due to the identification of any errors or due to new information being disclosed in relation to clauses 4(a) or 4(b). Other comments received which did not result in amendment/s will be attached to the updated draft report.
6. Upon receiving the updated draft report the State Executive will, by 30 April, either: endorse it; or amend it to reflect comments made, including those made by a Branch, existing standing electorate campaign committee or the Victorian Campaign Committee, or to correct any error.
7. Upon endorsing the report and by 7 May, the State Executive will release the endorsed draft report (the final report) to State Council members, Branches, existing standing electorate campaign committees and members of the Victorian Campaign Committee, and the findings of the final report will come into effect and be binding as at 1 July. If there is an objection to the decision made by the State Executive under this clause, the State Executive may refer a matter to the State Council if it considers appropriate, or may vary its own decision.
8. By 14 May, the State Secretary or delegate will write to all office bearers of Branches and existing standing electorate campaign committees within the jurisdiction of each standing electorate campaign committee which will come into (or have continuing) effect as at 1 July and which is not suspended, setting out the name, jurisdiction, powers, responsibilities and membership structure of the committee, so as to

Any decision on this question must be by consensus, and any funds held by the committee may not be transferred to a Branch except with the permission of the Finance, Administration and Infrastructure Committee. Purpose

1. The Standing Orders, along with the State Constitution, are the principal source of procedural authority for meetings of State Council. All meetings of State Council are to be conducted within the framework provided by these Standing Orders. Adherence to these Standing Orders is required for the proper conduct of State Council meetings.

Agenda

The agenda is set by the State Secretary in line with the State Constitution and by-laws.

Any disclosure must:

11. If two or more State Councillors seek recognition to speak, the facilitator will keep a list and allow any State Councillor making a proposal to speak first and take any questions from the floor, and thereafter recognise State Councillors in the order in which recognition was sought. The facilitator will be flexible with the order of recognition of speakers (for example, in the interests of affirmative action or to ensure the maximum participation of all involved or to allow for discussion of different views).
12. The facilitator may choose to allow observers to address the meeting. If so, the above will apply.

13. The facilitator will have the right to speak at any time. Minimal discussion on substantive matters will be entered into by the meeting facilitator.

Amendments to Proposals

25. Amendments to Proposals will, if longer than ten words, be written.
26. Amendments will be determined by consensus or, if required, by straw poll (50% +1 required to carry).
27. If an amendment is accepted, the original Proposal as amended, becomes the substantive Proposal, otherwise the original Proposal stands.
28. Further amendments, if any, will be dealt with sequentially as above, provided that:
 - a) amendments to amendments (other than grammatical improvements) will not be permitted; and
 - b) concurrent consideration of two or more amendments will not be permitted.
29. When all amendments raised have been determined, the substantive Proposal (as amended or not) is put for determination by the meeting according to normal decision making procedures.

Procedural questions

30. Procedural questions are administrative in nature and must be dealt with immediately once raised.
31. Procedural questions may be raised by any State Councillor at any time. If the facilitator deems the frequency or substance of procedural questions from any one State Councillor to be deliberately vexatious, that State Councillor must abide by any request of the facilitator to cease raising procedural questions for a period of time stated by the facilitator.
32. Once a procedural question is raised by a State Councillor, that State Councillor may briefly state a reason for raising it and the facilitator must then immediately ask State Councillors if there is any dissent to the procedural question being agreed to. Following this:
 - a) if there is no dissent, the procedural question is agreed to; or
 - b) if there is dissent, the facilitator may allow the reasons for dissent to be stated briefly, then must ask for a show of hands of State Councillors. A simple majority is required for the procedural question to be agreed to, with the exception of the procedural questions to put a proposal to a vote or to suspend Standing Orders, which require a 75% super majority for the procedural question to be agreed to.

33. Procedural questions will only take the form of one of the following phrases or of those referred to elsewhere in these Standing Orders:
- a) “that time for discussion on the Proposal now expire”
 - i. The effect of this procedural question being agreed is to require the facilitator to immediately test for consensus on the Proposal, that is, to end any discussion immediately.
 - ii. It should not be used in an attempt to silence dissent, and generally should only be used if the time allotted to debate is nearing its end.
 - b) “that the Proposal be considered at a later time this day”
 - i. The effect of this procedural question being agreed is to require the State Secretary to schedule time later in the day for further consideration of the Proposal at hand.
 - c) “that the Proposal be considered at the next meeting”
 - i. The effect of this procedural question being agreed is to require the State Secretary to include the Proposal, in its exact form, on the agenda for the next State Council meeting.
 - d) “that the matter be considered at the next meeting”
 - i. The effect of this procedural question being agreed is to require the State Secretary to schedule time on the agenda for the next State Council meeting for debate on the substantive matter at hand, but allows flexibility for the redrafting of any Proposals.
 - e) “that the Proposal lapse”
 - i. The effect of this procedural question being agreed is to defeat, rather than defer, a Proposal, without first testing for consensus. It should only be put if it has become apparent that a decision on the matter is not required.
 - f) “that Proposal [number] be now considered”
 - i. The effect of this procedural question being agreed is to consider a Proposal in a different order to that stated on the agenda.
 - g) “that the Proposal be put to a vote”
 - i. The effect of this procedural question being agreed is to put the Proposal at hand to a vote.
 - ii. It should only be put for the reasons stated in the State Constitution; that is, that “if, after a reasonable period of time, disagreement persists and a decision cannot be deferred, the question will be resolved by vote.”

48.2: Except where this Constitution requires a decision to be made by consensus only, if, after a reasonable period of time, disagreement persists and a decision should not be deferred, the question of moving to a vote on a substantive motion will be resolved by vote. The procedural question to this effect will be deemed to have been carried if it is supported by at least a 75 per cent majority.

- h) “that the names and votes of State Councillors voting be recorded”
 - i. The effect of this procedural question being agreed is for the names of those State Councillors voting for, against, or abstaining from the previous Proposal, to be recorded in the minutes.
 - ii. The procedural question must be put within five minutes of the facilitator declaring the outcome of the Proposal in question.
 - iii. In the event that the list of names by vote type contradicts the total recorded in the minutes, the totals will be amended to reflect the list.
- i) “that a Proposal regarding [very short description of substance of proposal] be considered”
 - i. The effect of this procedural question being agreed is for State Council to consider a Proposal that did not appear on the agenda.

- j) “that consideration of this agenda item be extended for [number] minutes”
 - i. The effect of this procedural question being agreed is to extend time for discussion beyond the time allowed for in the agenda.
- k) “that the words ‘For report only’ be removed from the agenda”
 - i. The effect of this procedural question being agreed is to open discussion at a time when the agenda does not allow for open discussion (see Standing Orders: Discussion).
 - ii. In all but the most important of cases, State Councillors should only seek to have the words “For report only” removed from parts of the agenda at the beginning of the meeting.
- l) “that the ruling of the facilitator be overturned”
 - i. The effect of this procedural question being agreed is to overturn the facilitator’s most recent ruling on a procedural matter.
 - ii. It must only be raised in the most serious of cases.
- m) “that the facilitator step down”
 - i. The effect of this procedural question being agreed is to require the facilitator to step down, and for the State Convenor to choose another facilitator.
 - ii. It must only be raised in the most serious of cases.
- n) “that [Name] cease raising procedural questions”
 - i. The effect of this procedural question being agreed is to disallow any one State Councillor from raising procedural questions for the rest of the meeting.
 - ii. It must only be raised in the most serious of cases.
- o) “that the standing orders be suspended for [number] minutes to allow for [details of matter]”
 - i. The effect of this procedural question being agreed is to suspend the standing orders for a determined amount of time.
- p) “that the meeting go in camera to discuss [details of matter]” and, if necessary, “and that [observers’ names] be permitted to stay due to [short rationale]”
 - i. The effect of this procedural question being agreed is for the meeting to go in camera and, if necessary, for certain observers to be permitted to stay.
 - ii. This procedural question should only be raised when absolutely necessary.

34. Procedural questions will be minuted consistently as follows:

A procedural question, “that [text of question]”, was [not] agreed to.

35. Unlike for the recording of the outcomes of Proposals, if procedural questions are put to a vote by show of hands, votes, including abstentions, are not recorded in the minutes.

Items for Discussion

36. As far as reasonably practicable items listed for Discussion should fall into two categories:

a) Items listed for short discussion, which generally should be:

- i. very limited in number;
- ii. limited to 10 minutes duration; and
- iii. either uncontroversial (e.g. a motion of thanks, which it would be inappropriate to put through without consideration) or necessary (e.g. because the information on which a recommendation could be based could only be available at the last minute, such as legal advice or a cost-quote, but where the matter was otherwise uncontroversial).

b) Items listed for full discussion, which should generally:

- i. be no more than 3 or 4 in number;
 - ii. be given a minimum of one hour each on the Agenda, or a workshop plus at least half an hour; and
 - iii. as far as practicable, contain a brief summary of:
 1. the history of the matter;
 2. the contending views. (Only in unusual circumstances should a matter be listed for major discussion where there were no serious and contending views. As far as practicable, where there are contending views, any proposals which those holding those contending views would like to see adopted, should be circulated); and
 3. links to relevant articles etc.
37. Proposals with budgetary implications must indicate where changes to income and/or expenditure would need to be made in order to balance the current budget.
38. It is the particular responsibility of State Councillors representing Branches to report before the meeting on what the issues are which are listed for major discussion, and on the outcomes of these discussions.

Decisions and Recommendations of Standing Committees

39. For a Decision or Recommendation to be on notice, it must have been drawn to the attention of State Councillors by way of a Notice Paper that lists all of the Decisions and Recommendations made by the Standing Committees since the last State Council meeting 7 clear days prior to State Council.
40. Where a decision or recommendation of a Standing Committee has been omitted or abridged in part or whole, for reasons of confidentiality, any State Councillor may request that the full decision or recommendation be made available to them.

Decisions of Standing Committees

41. All Decisions made by Standing Committees which are “on notice” shall not unless listed be the subject of any consideration by State Council unless formal objection is received from either:
- a) Three members of State Council (extending beyond the membership of one Branch) given in writing to the State Secretary and to the Convenor of the relevant Standing Committee at least 2 clear days prior to the meeting (e.g. Wednesday for a Saturday meeting), or
 - b) Ten members of state council given in writing to the State Secretary and to the Convenor of the relevant Standing Committee, if present, (and in any case the facilitator of the meeting) within 30 minutes of the commencement of the meeting;
- and stating the Decision to which objection is taken and briefly stating the grounds of objection.
42. State Councillors must not object pro forma.
43. The giving of this notice shall permit a procedural proposal to be put as follows by “That State Council considers proposals for the disallowance or amendment of the [identified] Decision of the [named] Standing Committee”.
44. After allowing not less than one speaker in favour of the procedural proposal, it shall be put to a vote, and if carried, the Agenda of that meeting will be altered accordingly.
45. Any Decisions of any Standing Committee which have been made but are not “on notice” must (unless confidential – see above) either be read out to the State Council meeting or distributed early in the meeting in written form. In these circumstances the procedural resolution described above may be moved by any State Councillor during the meeting. (Note- this is a reason why as a general proposition Standing Committee meetings should be held at least 10 days before State Council.)

Recommendations of Standing Committees

46. All the recommendations of standing committees which are on notice and which are listed “For Formal Approval” shall be put to State Council as a single proposal in the following form, for which consensus shall be tested: “That all recommendations on notice of Standing Committees not listed for discussion, and listed only for formal approval, be approved.” If formal objection is received from 3 State Councillors (not all being from one Branch) in writing to the Secretary (with a copy to the Convenor of the relevant Standing Committee) at least 2 clear days prior to State Council, the relevant recommendations shall be included as normal agenda items.
47. If consensus is not reached on the proposal described above (“That all recommendations on notice of Standing Committees not listed for discussion, and listed only for formal approval, be approved”) discussion will be adjourned forthwith, after the facilitator has determined which State Councillors object to which recommendation(s), and the testing for consensus on the remaining Recommendations to which no objection is taken. It shall then be the responsibility of the State Secretary or Assistant State Secretary, the State Councillors and the Convenors (or if absent other members) of the relevant Standing Committee to discuss in respect of each objection:
- a) Whether there is an amendment which does not alter the character of the proposal but which can meet the objection, and that consensus be sought on that revised version of the recommendation; or
 - b) Whether it should be referred back to the Standing Committee for further consideration;
 - c) Whether the item needs to be listed for discussion, and if so at the present meeting or at a later meeting.
- It is the responsibility of the State Secretary or Assistant Secretary (as the case may be) to bring back to the meeting a procedural proposal for a course of action in respect of each Recommendation, consistent with the above.
48. Recommendations which do not meet the definition of on notice (7 clear days) must either be listed for discussion, or deferred to the next meeting.
49. Recommendations from the State Executive are to be treated in the same manner as recommendations from a Standing Committee. This is by way of distinction from Decisions of the Executive, which require ratification.

Confidential Information

2. For the purpose of this bylaw, “confidential”, in relation to any information, such as a record or document of any kind, means that access is only available to those persons:

 - (f) to whom in all the circumstances the release is harmless and reasonable.
3. Any constituent group may (subject to any contrary decision of State Council) determine that any information is confidential and limit access to a particular record or class of records to certain named persons or officers, but should do so only on reasonable grounds.

15. Any decisions of another party body made in camera shall be reported to State Executive.

1. The Australian Greens - Victoria (AGV), as a party committed to enhancing Australia's democratic process, will pursue the model of publicly funded elections at all levels of government. Publicly funded elections would promote more equitable access and reduce the risk of corruption associated with donations.
2. AGV will accept donations, including gifts-in-kind as defined by the Australian Electoral Commission, using transparent practices.
3. Gifts in-kind will be treated as any other donation to the AGV (for further details please see the Treasurer's Handbook).

5. AGV will ensure that where any donor's one-off or cumulative donations to AGV totals \$1,000 or more within a financial year their donations are subject to ethical review.
6. Any party member may request that the AGV conduct an ethical review of any donation.
7. At times AGV may also seek to finance its expenditure through loans that are not provided by financial institutions. These loans will be subject to ethical review where either:
 - a) the value of the loan is \$10,000 or more; or
 - b) the loan agreement has conditions under which the loan could convert into a donation and the value of the loan is \$1,000 or more.
8. Ethical review of donations and non-commercial loans will be undertaken by AGV State Council (or State Executive or State Quick Decision Making Group depending on amount and urgency) and will:
 - a) seek to ensure that the values and aspirations of all donors and lenders are not inconsistent with those encapsulated in the goals, policies and the Charter of the Australian Greens Victoria;
 - b) accept donations and loans only for supporting the aims of the Party;

10. Further, AGV will:
- a) ensure that any donations solicited or accepted on behalf of the AGV by members or supporters of the AGV are used for AGV endorsed activities and not for the personal use of the member or supporter;
 - b) maintain transparency in donor identity by reporting within 3 months of the end of each financial year all donors and the cumulative total of their donations to AGV over the previous financial year where those cumulative totals amount to \$1,000 or more;
 - c) maintaining transparency in donor identity by including in the party's Annual Returns to the Australian Electoral Commission details of all donations which cumulatively total more than \$1,000 for the financial year"; and
 - d) ensure that any donations or loans received that are subsequently rejected as a result of this bylaw are returned to the donor or lender at the earliest opportunity;

 - f) advise potential and/or intending donors of disclosure requirements of laws referred to in 8(e) above.
11. The acceptance of any donation by AGV does not imply endorsement of the activities, undertakings or processes of the donor.
12. It is the responsibility of the AGV State Treasurer to monitor all donations and loans received or offered to AGV and ensure all donations and loans which are subject to review, or may be subject to rejection under this bylaw are promptly referred for review.
13. To support the application of this bylaw:
- a) donations may only be directed to the AGV state party, regional councils, branches or electoral campaigns. Donations may be directed to campaigns for a specific election or electorate. Donations may not be directed to individual members (including candidates and elected representatives);

 - c) the AGV website and other relevant documentation shall provide donors with information on statutory disclosure requirements and the disclosure principles embodied in this by-law;

Any donation of \$50 or more must have an official AGV receipt issued and the name and address of the donor recorded. Anonymous donations of \$50 or more cannot be accepted. This is to facilitate monitoring cumulative individual donations against the \$1,000 disclosure limit;
 - e) Where the donor of a donation in excess of \$50 cannot be identified within 3 months of the donation, the money will be moved to a trust account where it may be held for a period of up to 6 months to facilitate a further attempt to identify the donor. If after this time the donor cannot be identified the money will be forwarded on to a charity of FAIC's choice. These transactions may be authorised by the Senior Most Staff member or their delegate;

Donations:

(from www.aec.gov.au "Funding and Disclosure Handbook for Donors and Third Parties")

A disposition of property or provision of a service for which no payment, or an inadequate payment, is received. The term includes cash and non-cash (gift-in-kind) transactions, but does not include commercial transactions or volunteer labour.

(NB. This is a summary and the full AEC definition should be consulted.)

Conflict of Interest:

AGV adopts the OECD definition of conflict of interest which is:

A 'conflict of interest' involves a conflict between the public duty and the private interests of a public official, in which the public official has private interests which could improperly influence the performance of their official duties and responsibilities.

Public duty. It is the duty of members of The Greens to uphold the Greens Charter and promote our policies. It is the public duty of elected representatives and other officials of The Greens to represent their constituents impartially and act without undue influence in the community interest.

Private interests. Candidates, elected representatives and other officials of The Greens are the beneficiaries of political donations directly or to the Party and hence have a private interest in those donations. They could be, or could be reasonably perceived to be, influenced by donations (and a desire to maintain them) in the conduct of their public duties. In general larger donations have a greater potential to give rise to the perception of a conflict of interest.

Conflict. Conflict arises where decisions are actually, potentially or perceived to be made against the public interest and/or duty as a result of private interests. In addition a conflict of interest exists if the donor is likely to receive a material benefit from a reasonably foreseeable decision that could be made by the Party or an elected Green, unless such benefit is likely to occur as a result of the donor being a member of such a broad class of beneficiary that their individual benefit is not readily identifiable or known or distinguishable from other members of that class.

A conflict of interest also still exists where a donation is received from a third party or associated entity related to the individual or entity where the conflict of interest originates.

1. All Greens public office-holders* have a responsibility under the constitution and this bylaw to report regularly to relevant party bodies* and to the Greens membership generally and within their own constituencies. Similarly, elected representatives, while they have special expertise and knowledge, have no more right than other members to direct the work of Party bodies.

Reporting and Liaison Requirements

6. The reporting arrangements need not be mechanical or prescriptive, but must ensure that:

Election Period: Defined as the period from when nominations for any election are opened until the election occurs.

Probity Check: A probity check investigates the background of an individual to determine their suitability to be a candidate.

Decision-making period: The period when the Probity Panel considers and comes to a decision about a nominee being the time commencing when all probity-related nomination documentation has been sent to the Probity Panel, and concluding when a probity decision has been reported to the Returning Officer.

Probity Panel

1. There shall be established a Probity Panel whose duty it is to carry out all probity checks on all nominees for external positions.
2. The purpose of the Probity Panel is to judge the suitability of members who nominate to stand as candidates in external elections. In so doing, it is not the task of the Probity Panel to make conclusive findings of fact in relation to any matter adverse to a nominee, nor is this necessary for the Probity Panel to reject a nomination.
3. Noting that the AGV Constitution states [at 8.1] that

“All AGV Members are entitled to the following benefits: ... (f) To be eligible to seek nomination for public office as a candidate for the Greens (NC 9.8), subject to clause 56.13”,

probity should only be rejected where there are compelling and serious reasons why, in the interests of the AGV, the member should be deemed not suitable to stand as a candidate.

4. The paramount duty of the Probity Panel is to make decisions in the best interests of the AGV. The Probity Panel will, in this regard, consider the values, policy positions and political imperatives of the party in making all decisions.

Probity Panel Composition

5. There will be a minimum of 11 people appointed to the Probity Panel.
6. Probity Panel members will be appointed by State Council, as per Schedule 1, for a term of 2 years. Their terms will run from the date of appointment to two years from the date of their appointment.
7. Members of the Probity Panel and any Sub-Panels should to the greatest extent possible be disinterested persons in relation any matter they consider.
8. The Probity Panel will appoint its convenor and secretary.
9. All Probity Panel members must be members of the Party.
10. A Probity Sub-Panel shall be comprised of between three and seven members.
11. Members of a particular Sub-Panel will be appointed by the Probity Panel as a whole, or by a person or persons assigned by the Probity Panel to do this, in which case the composition of each Sub-Panel so appointed will be reported to the next meeting of the Probity Panel.
12. Members of a Probity Sub-Panel must not include any individual:
 - a) appointed as Returning Officer or as an advisor to a Returning Officer for a position which the sub-panel is considering.
 - b) who is a nominee or nominator for a position which the sub-panel is considering.
 - c) who is a fellow branch member of a nominee for a position which the sub-panel is considering.
 - d) who would be perceived to have a conflict of interest in relation to a nominee or the position which the sub-panel is considering.
13. Members of the Probity Panel may not carry out probity checks or be involved in those checks in any way where a nomination is related to any campaign in which they are involved.
14. Casual vacancies on the Probity Panel may be filled by the State Council or State Executive following a call for expressions of interest via the appropriate internal Party communication methods, as per Schedule 1.

Probity Panel General Operations

15. Any decision of the Probity Panel must be made by at least 3 of its members (a sub-panel). Consensus decisions of a sub-panel shall be decisions of the Probity Panel.
16. Subject to this bylaw, deliberations of the Probity Panel are confidential.
17. All Probity Panel members will sign a confidentiality agreement.
18. A record of all nominations, the related investigations and findings will be securely maintained by the State Secretary.
19. Records of nominations are confidential to the Probity Panel and the Returning Officer in the first instance. However the State Executive, Victorian Campaign Committee and any relevant preselecting body (where a preselection panel has been appointed) will have the right to inspect the record of any individual where they are considering a matter related to and relevant to that member.
20. The Probity Panel may meet in person or via electronic means, including email.

21. The Probity Panel will keep minutes of all its meetings and records of its activities.
22. The Probity Panel will report in written form on its activities:
 - a) To the State Conference annually,
 - b) To the Victorian Campaign Committee monthly during Local, State or Federal election periods.
 - c) At any time as requested by the Victorian Campaign Committee, State Executive or State Council.

Probity Checks

23. Noting that the paramount duty of the Probity Panel is to make decisions in the best interests of the AGV, the Probity Panel should, so far as consistent with this duty, keep in mind fairness to the nominee in the conduct of any probity check.
24. A probity check will be conducted on all nominees for public office, excepting any nominee who
 - a) has been approved by a Probity Panel within the previous 3 months; and
 - b) provides a statutory declaration stating that no matters relevant to probity have substantially changed since their last Probity check; and
 - c) the most senior staff member member, Victorian Campaign Committee Convenor and electorate or regional campaign committee convenor can confirm that no matters relevant to probity have substantially changed since their last probity check.

 - b) a signed Statutory Declaration stating that their answers are true and accurate;
 - c) a signed Confidentiality Agreement Form;
 - d) a completed authorisation to obtain a police report and accompanying appropriately certified copies of identification sufficient to meet requirements for obtaining a completed police report. In the alternative, the nominee may provide a certified copy of a Police Report which is not less than 12 months old at the relevant close of nominations date, accompanied by a statutory declaration that no matters relevant to a police report have substantially changed since that report was prepared; and
 - e) any other document or form requested by the Probity Panel or a Probity sub-panel.

provided that a nominee who has been approved by a Probity Panel within the previous 3 months may provide the statutory declaration described in clause 25(b) above in substitution for the documents required in this clause and a check with the most senior staff member and Victorian Campaign Committee or electorate and regional campaign committee Convenor confirms this is confirmed.
26. The Returning Officer shall pass any envelopes or attachments containing the probity documents to the Probity Panel unopened.
27. The Probity Panel is empowered to carry out any investigations it deems necessary into any nomination.
28. Each probity check shall include, at a minimum:
 - a) scrutiny of the probity form and accompanying Statutory Declaration;
 - b) assiduous and reasonable searches of available online information about the nominee, their professional and community organisation affiliations, and their media presence, if any;
 - c) a request for any relevant information from the AGV Misconduct Panel;
 - d) an invitation for input from local Branch and regional bodies' office bearers and party officials;

e) consideration of any objections to or concerns about probity raised by other Members.
and assessment of nominees after appropriate input from local Branch and regional bodies' office bearers, party officials and other members as considered necessary.

29. The nominee shall provide:

- a) All names that they have used or previously been known by,
- b) All pseudonyms that they use or have previously used,
- c) Access to all Probity sub-panel members of all social media and online engagement accounts currently in use by the nominee or which were in use within the previous five (5) years. This access shall be maintained for the duration of the decision-making period. This access may include, for example, allowing Probity sub-panel members to 'friend' them on Facebook, ensuring Probity sub-panel members can 'follow' all of the nominee's Twitter accounts and ensuring any other action is taken which provides the Probity sub-panel members such access.

30. The Probity Panel may contact any person while conducting a probity check without reference to the nominee.

31. Confidentiality will be maintained as follows:

- a) Any person contacted by the Probity Panel will be advised of the confidential nature of the process in that they should not disclose that the person has nominated, nor should they disclose the questions asked by or their response made to the Probity Panel to any other person.
- b) All responses received by the Probity Panel shall be kept confidential to the Probity Panel and shall only be disclosed as a non-identifying summary should clause 41 be enacted.

32. The Probity Panel shall make a finding for each nomination received by the end of the decision-making period that the nomination be:

- a) approved, or
- b) approved subject to certain conditions outlined by the Probity Panel, or
- c) approved noting risk/communication matters if preselected, or
- d) rejected.

A sub-panel may only make this finding by consensus. Should consensus not be achieved the nomination will be considered by the full Probity Panel, at which a majority will be required to make the finding.

Subject to 34, 39 and 40 below, the decision-making period must be no later than fourteen (14) days (or 48 hours in the case of a snap election) after the close of nominations; except, for the 2020 Senate Pre-Selection only, the decision-making period must be no later than twenty-eight (28) days.

In the case of a nominee being approved with conditions, the office bearers of the relevant Campaign Committee will be provided with a summary of conditions by the probity panel and will be tasked with tracking compliance of conditions. Any breaches of conditions must then be referred to the Endorsement Review Committee.

33. The Probity Panel shall have the authority to:

- a) request further statutory declarations from any nominee should the panel judge that more information be required to make an assessment on any nomination.
- b) interview any nominee should the panel judge that more information be required to make an assessment on any nomination.

In these circumstances, the decision-making period may be extended to allow reasonable time for the nominee to comply.

34. If the nomination is approved subject to certain conditions or rejected, the decision shall be considered to be an interim decision until the process at 39 – 40 is complete, whereby a final decision

will be made.

35. The Probity Panel members considering a nomination shall reject any nomination where:

 - the sub-panel judges that the candidacy of the nominee would be detrimental to the Australian Greens Victoria on grounds relating to past conduct, character or reputation,

- refuses to co-operate with the probity panel
 - fails to comply with any conditions outlined in the relevant Code of Conduct forms
 - fails to comply with any conditions outlined in the Confidentiality Agreement
 - fails to comply with any condition imposed upon the nominee in relation to their nomination (as per 35 (b) above)
 - holds a public position in opposition to Party policy, and the probity sub-panel deems the matter to be so serious as to damage the party's electoral opportunities.
- Prima facie a serious falsehood or apparent serious concealment of facts or issues in probity forms is grounds for a nomination to be rejected.
37. Where the Probity Panel rejects a nomination, the nominee may not nominate for any other position at the same election.
38. When an interim decision is made to either approve a nomination subject to certain conditions or reject a nomination, the following will occur:
- The Probity sub-panel will prepare a document setting out the reasons for the decision.
 - The nominee will be provided with the reasons for decision and shall have 48 hours to provide a response to the Probity sub-panel.
 - The reasons for the decision may include a summary of feedback received, without breaching the confidentiality requirements at clause 32.
 - The Probity sub-panel will consider any response from the nominee in making a final decision.
 - A final decision will be made within 48 hours of receipt of any response from the nominee. If the nominee fails to provide a response, the original decision will stand.

In these circumstances, the decision-making period may be extended to allow for these processes to occur.

39. Clause 39 above shall not apply in the circumstances of a snap-election.
40. When a decision is approved noting that risk and/or communications matters require attention, the Returning Officer will notify the Probity Panel of the nominee's preselection. Then Probity Panel will then inform the Convenor of the relevant Campaign Committee in writing of the risk and communications issues which require a plan.
41. Decisions of the Probity Panel:
- will be reported to the relevant Returning Officer and the nominee within 24 hours of the decision
 - may be appealed to the State Executive.

Rights of Nominees

42. A nominee will be informed of who is on the Probity Panel and which members will be reviewing their

nomination.

43. A nominee will be informed as soon as practical of any decision by the Probity Panel in relation to their nomination, in accordance with clauses 33 and 39 above.
44. A nominee may provide a written response to any decision to approve their nomination subject to conditions, or to reject their nomination, in accordance with clause 39 above.
45. A nominee may appeal a decision of the Probity Panel to the State Executive in accordance with clause 42 above within 24 hours of receipt of any decision to approve their nomination subject to conditions, or to reject their nomination. A decision will be made by State Executive within 24 hours of the appeal.
46. A nomination for any position is considered confidential until the nominations close and the Probity Panel has completed its work. Until that time nominations may be withdrawn without prejudice. After that time an announcement of the nominations will be made on the internal AGV website.

Confidentiality of Records

47. All records in relation to the making of a decision in respect of a probity decision shall be kept securely and separately for a period of 5 years, provided that any authorisation to obtain a police report and accompanying appropriately certified copies of identification will be securely destroyed as soon as they are no longer needed. The State Secretary will have the responsibility of safe custody.
48. All members of the Probity Panel will be responsible for permanently deleting any electronic copies they hold of documents related to Probity Panel decisions (other than Panel minutes) within one month of the election with respect to which the probity decisions related.

Schedule 2 - Probity Form

Statement by AGV

The Australian Greens Victoria has rigorous probity and pre-selection procedures for candidates, in which they are required to answer detailed questions about their prior conduct, statements and associations. This requires the completion of a detailed Statutory Declaration. However, potential candidates should not be discouraged if there is something “adverse” about which they are required to provide information. The AGV is not looking for perfect “plastic” candidates, and there will be few people who will not have some difficult or even embarrassing matters in their past. Therefore, you should not be too concerned if you need to disclose such matters on the form. Refusal of probity is rare.

Acknowledgement by Candidate

I acknowledge that I am required to read carefully and answer truthfully and completely each of the questions set out in the Statutory Declaration. I also acknowledge that failure to disclose in my Declaration any matter within my knowledge (whether I consider it to be important or not) is not only perjury, but would mean that I would need to show cause to the Probity Panel why I should not have Probity approval refused, as it would tend to show a serious lack of competence or integrity. I further acknowledge that should I gain pre-selection, non-disclosure now would be grounds for subsequent dis-endorsement.

Definitions

Ballot: A ballot may be either postal, attendance or electronic or combination of any of those options.

Snap Election: Any election for which the period from the announcement to the date of the election is less than 8 calendar weeks. The minimum federal election campaign period is 33 days.

Scope

1. Notwithstanding any resolution of State Council which places any condition on any preselection, this bylaw determines the method of preselecting candidates, under clause 56.1 of the Constitution, for all electorates for the next Federal, State and Local elections.
2. The purpose of preselection is to judge the desirability of a member as a candidate to represent the Party in an external election.
3. When voting members should take into account the ability of the candidate:
 - a) to work with a campaign team to achieve local and state goals and targets;
 - b) to clearly articulate Greens' value, policies and key campaign messages;
 - c) to effectively represent Greens values and implement Greens policies when holding public office.

Returning Officer

4. The body conducting the preselection must appoint a Returning Officer, a position which may be shared by up to 2 people. Once appointed, the Returning Officer shall be responsible for conducting, and ensuring the proper conduct in accordance with the rules of, the preselection in question.
5. The Returning Officer shall not be eligible to be a nominee for the preselection in question, or nominate any person for the preselection in question, or sit on the probity panel associated with the preselection in question.
6. The Returning Officer will be the primary contact between nominees, candidates, any probity panel established and other Greens members making enquiries, for any election they are required to conduct.
7. The Returning Officer may appoint up to 2 people to act as deputy returning officers to assist in the duties of the Returning Officer. Final authority and responsibility remains with the Returning Officer.
8. The Returning Officer will ensure that where the implementation of any election requires the use of AGV office resources, measures are taken to ensure that the most senior member of AGV staff is consulted, and that preselection materials (such as reply paid envelopes) are distinguished from those of any other election that may be occurring at the same time.
9. The Returning Officer will be the final authority on the interpretation of the preselection rules.
10. The Victorian Campaigning Committee Convenor and the preselection body Convenor shall be available should the Returning Officer require guidance when interpreting any rule or when the rules do not provide sufficient information. These Convenors may agree to allow the Returning Officer to alter a rule should the Returning Officer strongly advise that unusual and compelling circumstances necessitate an alteration.

Nomination

11. The Returning Officer will ensure the publication, to all eligible voters and linked to from the AGV e-bulletin, of the relevant dates and deadlines associated with the preselection (which shall include as a minimum the times of opening and closing of nominations and the deadline by which votes must be returned), and information for prospective candidates, which will be compliant with the Constitution.
12. There will be at least 2 weeks between the opening and closing of nominations, and at least 2 weeks between the opening and closing of voting unless a Snap Election has been called (see below).
13. For a nomination to be valid, nominees must be members of the AGV at the time of nomination, at the time of the vote count and during the entire relevant election period.
14. To nominate for election, eligible members shall provide the Returning Officer with:
 - a) Their nomination in a form prescribed by the Returning Officer;
 - b) A statement for eligible voters, of no more than 800 words, which shall include how long the member has been a member, the name of the Branch to which the member is registered, a brief list of positions held by the member within the party and previous candidacies for public office, and any other information the member sees fit to include, which should generally include the member's political and philosophical positions on key issues facing the party and the position being elected;
 - c) Statements of support of up to 200 words from four other members for the purposes of preselections for lead upper house Federal or State electorates, or from two other members for the purposes of all other preselections. Statements of support must not be provided by current AGV staff, State Office Bearers, campaign committee office bearers, candidates for public office, or elected representatives. Statements of support may include how long the supporting member has been a member, the name of the Branch to which the supporting member is registered, and any other information the supporting member may wish to include. The statement may be augmented by up to 75 words in order to include a brief list of positions held by the supporting member within the party, including previous candidacies for public office;

- d) A clear photo of themselves (optional);
 - e) A signed and completed Probity documents;
 - f) A Statutory Declaration attesting to the correctness of the Probity Form;
 - g) A signed copy of the relevant Code of Conduct form; and
 - h) A signed Tithing Pledge;
 - i) Nominees for federal elections only: A truthfully completed copy of the Australian Electoral Commission document regarding section 44 of the *Commonwealth Constitution* called the 'Qualification Checklist: Relating to Section 44 of the Constitution.'
15. If, under exceptional circumstances, a printed and signed copy of the documents and statutory declaration required in clause 14 cannot be provided by the nominee by the time of nomination, a digitally signed copy may be provided. Under such circumstances, signed copies must be provided within 4 weeks of submitting the nominations or until the exceptional circumstances pass. Exceptional circumstances will be decided by the Returning Officer.
16. The Returning Officer must immediately submit any document received under clause 14(i) to the Victorian Campaign Committee ('VCC') which must decide (as quickly as reasonably possible) whether further enquiry is needed to determine whether a nominee is presently eligible to be nominated for election or is reasonably likely to be able to become eligible in the time before nominations are required. The VCC may seek the assistance of appropriately qualified members in making this decision. If the VCC decides that further enquiry is needed, the Returning Officer, after having consulted with the VCC as to how long these enquiries are likely to take, may refuse the nomination or delay the preselection to allow such enquiries to be made. The Returning Officer may, at any time, revisit a decision to delay the preselection.
17. A nomination will normally be refused by the Returning Officer if the member has not provided the information in the previous clause by the published deadline. Otherwise, the Returning Officer will confirm with all prospective nominees the list of approved nominees. To avoid doubt the Returning Officer's decision will be final.

Conduct of Preselection

18. Nominees may not discuss their nomination or the election in question with any journalist, other than to confirm their candidacy.
19. Nominees may not expend funds for the purposes of communicating with eligible voters in relation to the election in question.
20. Nominees shall receive from the Returning Officer;
- a) For all pre-selections except for the Pre-Selection for the 2020 Senate Pre-Selection, a list of eligible members' names, phone numbers and email addresses, and may instigate contact with each eligible voter for the purposes of discussing or promoting their nomination. The nominee must not show or distribute the list to any other person, and must destroy the list within one week of the declaration of the result of the election in question, or when the State Returning Officer has revoked nomination, whichever occurs first.
 - b) For the Pre-Selection for the 2020 Senate Pre-Selection, a list of members names, telephone numbers, and locality. Pre-selection candidates may instigate contact with each eligible voter for the purposes of discussing or promoting their nomination, subject to any limitations or restrictions under the Preselection by-law or regulations, rulings or guidelines for candidates provided by the Returning officers. The nominee must not show or distribute the list to any other person, and must destroy the list within one week of the declaration of the result of the election in question, or when the State Returning Officer has revoked nomination, whichever occurs first.
- 20A. For the Pre-Selection for the 2020 Senate Pre-Selection the following rules for how nominees can initiate contact with members regarding the preselection will apply:

- a) Every nominee may submit 1 email, to be checked and approved by the State Returning Officers to ensure it complies with the constitution and by-laws, and any other rules for the preselection, with the State Returning Officers being responsible for ensuring any approved email is sent via AGV systems to all emailable members of the AGV prior to the opening of voting. This email will include a standard disclaimer from the State Returning Officers that this is a communication from the candidate for the purposes of the preselection, and is not endorsed in any way by the AGV. Any errors or inaccuracies within this email are the responsibility of the nominee, and not the State Returning Officers or the AGV.
 - b) Nominees must not send any email directly to a member regarding the preselection unless;
 - i. are responding to an email a member has sent to them,
 - ii. or if they have gotten the permission of the member to communicate with them about the preselection using email.
21. Until the declaration of the result, nominees may not attend Party Body meetings other than those they are a member of, except to carry out a specific duty, in which case they must nevertheless not discuss their nomination for the election in question at that Branch meeting.
22. Subject to the following, members are entitled to express their opinions on any nominees. However, any statements made in relation to nominees or candidates must not be misleading or deceptive and, unless in private communication, must be provided to the Returning Officer prior to the statement being made.
23. Party bodies, State Office Bearers, persons employed by the AGV, and elected representatives must not:
- a) by any means, directly or indirectly, make a statement canvassing for or against votes for any nominee; or
 - b) provide any resources to aid any nominee.
24. Notwithstanding Clause 23, any member is entitled to act under clause 27 at Meet the Candidates Events as long as they speak as an individual and not on behalf of their position or the body they represent.
25. The Returning Officer may revoke a nominee's nomination if they are in breach of any of rules of the party in relation to the election in question.

Meet the Candidates Event

26. The body conducting the preselection, in consultation with the Returning Officer (or their deputies), will be responsible for organising any "Meet the Candidates" events. In doing so it should generally:

 - b) make statements about who eligible voters should vote for or against; and
 - c) make statements about the issues facing the party and the position being elected that they believe should be taken into account by eligible voters.

28. Any meet the candidates event should enable all nominees in attendance to, subject to the facilitator's and Returning Officer's discretion, respond to any questions raised or statements made by members.

Probity

29. A probity check shall be conducted on all nominees in accordance with the Probity bylaw.

Method of Preselection

30. The body conducting the preselection may choose to conduct that preselection in accordance with one or combination of the below methods:
- a) Postal ballot;
 - b) Electronic ballot;
 - c) Attendance ballot;
 - d) Selection panel, but only if State Council or the Victorian Campaign Committee has agreed and either:
 - i. the Greens primary vote in the previous election for the electorate concerned was less than 8 per cent; or
 - ii. the position being preselected is a non-lead candidate for any Federal or State upper house electorate; or
 - iii. less than 16 weeks remain until the election date, for Federal, State and Local elections;
 - e) Any other method, but only if proposed rules for that method are approved by the Victorian Campaign Committee.
31. Where a preselecting body conducts a preselection by selection panel:
- a) all nominees who have successfully passed probity will be interviewed by the panel;
 - b) a "Meet the Candidates" event need not be held;
 - c) the panel shall have 4 members or 5 members, including at least one office bearer of the body conducting the preselection and at least one party member who has previously stood for election as an endorsed Greens candidate;
 - d) where possible, the membership of the Selection Panel shall include at least one person from each branch within the electorate;
 - e) all nominees shall be interviewed by the Selection Panel at any time after Probity has been completed on all nominees. Where possible this shall be in person;
 - f) all candidates shall be allotted the same amount of time by the selection panel, although any interview may be extended at the discretion of the Selection Panel as required;
 - g) the Selection Panel shall meet prior to the interviews and decide on a pre-prepared list of questions prior to conducting interviews with nominees. Nominees shall not be advised of these questions prior to the interview. Each nominee shall be given the opportunity to answer each pre-prepared question within the allotted interview time;
 - h) the Selection Panel shall allow each nominee an opportunity to introduce themselves and explain why they would be an appropriate candidate for the electorate. The Selection Panel may ask supplementary questions which arise during the course of the interview;
 - i) each nominee shall be interviewed separately and privately, with only members of the Selection Panel, the Returning Officer and the nominee in attendance;
 - j) decisions will be made by consensus or failing that by a vote at which a majority of 75% will be required to confirm a nominee as a candidate or to reopen nominations. Should consensus not be achieved or a majority not be obtained in a vote nominations will be reopened;

- k) the panel will notify the Returning Officer of their decision as soon as is practicable. The Returning Officer will notify the Victorian Campaign Committee immediately following receiving notification.

Ballots

32. For preselections involving a ballot, a roll of eligible voters shall be kept by the Returning Officer, with the names checked at the distribution of ballots and, for postal elections, also at the return of ballots.
33. If necessary, the State Returning Officers may mandate that any Attendance Ballots or Selection Panels be conducted by virtual means
34. Ballots shall be by Optional Preferential Voting, except where there are two or more positions to be filled by the one ballot, in which case a Single Transferrable Vote method shall be used.
35. All ballots must include as an option, alongside nominees, the seeking of further candidates.
36. Except if the preselection method is by attendance ballot, ballot packs shall be created for eligible voters, which shall include:
- a) The ballot (if it is a paper ballot it must be signed by the Returning Officer at the point of issue);
 - b) Return-addressed reply-paid or stamped envelopes, and secret envelopes, if the ballot is conducted by post;
 - c) A document, or a link to a document, containing each candidate's statement, photo (if provided) and the statements of their nominators, as well as voting instructions; and
 - d) a reminder of the need for diversity.
37. Voting options on ballots must be arranged by Robson Rotation.
38. If the method of preselection is by attendance ballot or by electronic ballot, the Returning Officer must so far as practicable provide any eligible voter who requests the option to cast a postal ballot.
39. The counting of ballots after the deadline for return of ballots will be at a time for which notice has been given to all nominees by the Returning Officer. Nominees may choose to appoint one member to observe the vote count.

Costs

40. All financial costs associated with preselection, including room hire, printing and postage of ballot packs, shall be met by the body conducting the preselection.

Disputes

41. Should any member believe that there has been a material breach of this by-law or the rules of any preselection, they matter may be first raised with the Returning Officer, and, if necessary thereafter, raised with the Administrative Review Panel.

Results

42. Until such time as any preselection result is announced by the Returning Officer, nominees may not comment on the result publicly, nor may any other member of the Party.
43. The declaration of any result of any election conducted by the State Returning Officer shall be final. Whilst in some circumstances the governing body may seek to declare a position vacant in order to conduct a new election, it is not able to deem the State Returning Officer's declared result to be incorrect.
44. All election documentation, including ballot papers and results, shall be kept by the Returning Officer for 60 days after the event. Results shall be made available to any candidate or elector on request.

Snap Elections

45. In the event of a snap election:
- a) all affected electorates are considered open for nominations where a candidate has not already been preselected for a future election, except where the Victorian Campaign Committee determines otherwise (for example if a particular preselection is about to be concluded anyway);
 - b) the Victorian Campaign Committee:
 - i. may exercise all the powers of State Council in relation to Chapter 5 of the Constitution;
 - ii. will issue a call for nominations for all affected electorates for which a candidate has not already been preselected for a future election;
 - iii. will assist branches and other campaigning bodies with conducting preselections in the most timely manner possible but will in any regards have the ability to appoint by selection panel a candidate to represent the AGV to any electorate which remains unfilled 4 days before the deadline for submitting candidate names to the relevant Electoral Commission.
 - c) the State Returning Officer becomes the Returning Officer for any electorate for which a Returning Officer has not been appointed. They may, at their discretion, appoint Deputy Returning Officers to aid them in their duties. The requirements that Returning Officers, deputy or otherwise, remain uninvolved in other preselection matters must be observed.
 - d) the Probity Panel will have until 48 hours after the close of nominations for preselection to conclude its duties.
 - e) the default method of preselection will be assumed to be either electronic ballot or preselection panel. Other methods may be approved by the VCC on a case by case basis.
 - f) a decision to appoint a candidate by preselection panel still requires concurrent decisions of the preselecting body and the VCC, or the VCC and the State Executive.

Eligibility

46. The AGV will not allow a candidate's name to be submitted for nomination to the AEC for a federal election for any House of Representatives or Senate seat where the person has not demonstrated their eligibility to sit in the federal parliament according to section 44 of the Australian Constitution.
47. In circumstances where a candidate may be under acknowledgement of allegiance, obedience, or adherence to a foreign power, or is a subject or a citizen or entitled to the rights and privileges of a subject or a citizen of a foreign power, the candidate must provide written confirmation of renunciation of any rights of citizenship. In cases where renunciation is not possible or practicable, comprehensive evidence of an attempt to renounce is required. The VCC will assess whether any evidence submitted is sufficient.
48. At any time, the Victorian Campaign Committee may direct a preselected candidate for a federal election to answer questions in writing regarding their eligibility to be nominated for election. A refusal to comply with such a direction is sufficient grounds for disendorsement.
49. A preselected candidate for a federal election must complete and submit the Australian Electoral Commission document regarding section 44 of the *Commonwealth Constitution* called the 'Qualification Checklist: Relating to Section 44 of the Constitution', should that form have changed in any way since the candidate completed it at the time of nominating for preselection.

 - c) advise any relevant Regional Convenor.
5. The ERC shall be convened at a time having regard to the desirability of allowing sufficient time for the candidate to respond, but also to any urgency having regard to the political circumstances, but in any case shall not be convened until at least 8 hours (excluding midnight to 6am) after a written notice has been sent to the candidate setting out the reasons why it is considered necessary that they might need to be disendorsed, advising the time and place of the ERC meeting (and any phone number by which its meeting may be attended). The candidate should have the opportunity to address the ERC, and every attempt shall be made to contact the candidate to ensure that the notice has been received. Copies of the notice shall be sent to the relevant Regional Convenor and, in the case of a Federal candidate, to the Parliamentary Leader of the Australian Greens. The ERC shall consist of:
 - a) the Convenor or nominee, or where the Convenor is absent or fails to nominate, the Secretary or nominee;
 - b) the convenor of the State-wide campaign committee or nominee, or where the convenor of the State-wide campaign committee is absent or fails to nominate, the secretary of the State-wide campaign committee;
 - c) a person elected (or agreed by consensus) by and from those members of State Council present at a meeting of State Council who are or have been a candidate for public office during the previous 5 years. However, the person elected shall not at the time of the ERC meeting be a current candidate or public office-holder. (An election for this position shall be held in every second year or whenever necessary. However, the person elected shall in any case hold office until replaced.) If that person is unwilling, absent or disqualified, they shall be replaced on the ERC by a person of at least 10 years membership who has been more than once a candidate for public office, nominated by the Convenor or Secretary.

6. The ERC shall determine its own procedures having regard to the circumstances and urgency of the matter. All proceedings before the ERC are confidential. The ERC shall have access to all relevant probity documents and candidate agreements, and may interview any person involved in any probity check. In the case of a Federal candidate, the Parliamentary Leader of the Australian Greens shall have the right to confer with the ERC, and in any case, the ERC shall have regard to her or his advice, which may be given in confidence.
7. The terms of reference of the ERC shall be to determine whether, in all the circumstances there are clear and compelling reasons why it is in the interests of the Party to cancel a candidate's endorsement, and if the ERC so determines, it shall cancel the candidate's endorsement.
8. Proceedings before the ERC are not disciplinary or penalty proceedings. Therefore,
 - a) it is not necessary that any allegation or suggestion in relation to any conduct by the candidate be proven for the ERC to make any decision;
 - b) where an issue involves an allegation or suggestion related to any past or present conduct by the candidate, the ERC has no brief to make any adverse determinative findings of fact against the candidate in respect of that alleged or suggested conduct. (This does not prevent any subsequent disciplinary proceedings against a candidate or former candidate in accordance with other relevant party procedures.);
 - c) where a decision to cancel the candidate's endorsement occurs in circumstance where the candidate denies any allegation or suggestions in relation to his or her conduct, any public statement by the Party shall acknowledge this denial.
9. The ERC may authorise the making of a statement on behalf of the AGV following its decision. Where appropriate, an attempt shall be made to reach agreement with the candidate or former candidate about the terms of that statement.
10. A decision of the ERC to cancel a candidate's pre-selection must be by consensus, but is final, provided that the ERC may refer the matter to the State Executive for a final decision if it is not certain, and shall do so if it cannot reach consensus. In this case, an Executive meeting shall be called forthwith to determine the matter. The members of the ERC and the Parliamentary Leader of the Australian Greens shall as far as practicable, be in attendance, but otherwise the meeting shall be closed, unless the Executive decides that others may attend.
