

AUSTRALIAN GREENS VICTORIA

INTERNAL POLICIES

This document contains the consolidated internal policies of the Australian Greens Victoria. These internal policies are made under our [new constitution](#) and serve as a replacement for our old bylaws. They are presented in two parts:

- **Part 1 - “New and revised” internal policies.** These internal policies have been written or revised following the adoption of our new constitution.
- **Part 2 - “Functionally reproduced” internal policies.** State Council has adopted these internal policies in order to “functionally reproduce” certain classes of rules from the old constitution and bylaws. It is intended that “new and revised” internal policies will gradually replace all of these “functionally reproduced” internal policies.

Where there is any inconsistency between the internal policies in Part 1 and Part 2, the “new and revised” internal policies in Part 1 prevail, as they have been adopted more recently.

The most recent update to this document was published on 28 February 2023.

 - a. A 'conflict of interest' involves a conflict between the public duty and the private interests of a public official, in which the public official has private interests

which could improperly influence the performance of their official duties and responsibilities.

- b. Public duty. It is the duty of members of The Greens to uphold the Greens Charter and promote our policies. It is the public duty of elected representatives and other officials of The Greens to represent their constituents impartially and act without undue influence in the community interest.
- c. Private interests. Candidates, elected representatives and other officials of The Greens are the beneficiaries of political donations directly or to the Party and hence have a private interest in those donations. They could be, or could be reasonably perceived to be, influenced by donations (and a desire to maintain them) in the conduct of their public duties. In general larger donations have a greater potential to give rise to the perception of a conflict of interest.
- d. Conflict. Conflict arises where decisions are actually, potentially or perceived to be made against the public interest and/or duty as a result of private interests. In addition a conflict of interest exists if the donor is likely to receive a material benefit from a reasonably foreseeable decision that could be made by the Party or an elected Green, unless such benefit is likely to occur as a result of the donor being a member of such a broad class of beneficiary that their individual benefit is not readily identifiable or known or distinguishable from other members of that class.
- e. A conflict of interest also still exists where a donation is received from a third party or associated entity related to the individual or entity where the conflict of interest originates.

Overview of principles

20. Although branches are recognised as the primary organising unit for election purposes, this internal policy authorises the creation of regional campaign committees based on such boundaries as State Council may determine, to facilitate election management and continuous campaigning where they are best managed across more than one branch or group of branches.
21. State electoral and continuous campaigning policies will be formulated with the maximum participation of members and branches, and must actively consider input from relevant expert persons or bodies, including that provided by the national office of the Party and any member who holds public office.

Victorian Campaign Committee—part II

22. Reporting to State Council, the formulation of state-wide party electoral and continuous campaigning policy and the management of its application will be the responsibility of the VCC created as a Committee of State Council.
23. The VCC is responsible for:

- b. liaising with regional campaign committees and branches to facilitate the goals of this internal policy;

24. The VCC will establish a QDMG in accordance with clauses 17 to 19.

Victorian Campaign Committee Convenor

25. The VCC Convenor will be elected by all members by annual postal or electronic ballot (though if the position remains unfilled after the annual postal or electronic ballot for any reason, that position may be elected by all members present at the annual general meeting or at a general meeting by consensus or, failing this consensus, by a secret ballot of all members present). An individual who has served two consecutive terms as Convenor will not be eligible for re-election at the next election (but will in any case be eligible for subsequent elections), unless this provision is waived by consensus decision of State Council.
26. The position of VCC Convenor may be held on a job-share basis.
27. The VCC Convenor will:
- a. be responsible for managing the meetings, agenda and responsibilities of the committee in a way which facilitates the effective delivery of the electoral and continuous campaigning objectives of the Party;
 - b. convene urgent meetings of the committee's QDMG as required to address urgent and pressing electoral and continuous campaigning related matters;

 - e. liaise with members who hold public office, and facilitate their involvement in the VCC processes;
 - f. confer with the Party body given responsibility for national electoral and continuous campaigning matters;
 - g. perform any other function required by State Council.

Election campaigns

28. For any Local Government election in which the Party will be supporting a candidate (subject to clauses 52 and 53 where there is more than one Branch in a Local Government Area), the campaign will be directed by the relevant Branch, or a campaign committee established by that Branch.
29. For any Victorian Legislative Assembly or Federal House of Representatives election in which the Party will be supporting a candidate, the campaign for each electorate will be directed by a Branch with coverage within the bounds of the electorate, or a campaign committee established by the Branch.
30. For any Victorian Legislative Council election in which the Party will be supporting a candidate, the campaign for each electorate will be directed by a regional campaign committee if one has been established by State Council, or by the VCC if no regional campaign committee has been established.
31. For any Federal Senate election in which the Party will be supporting a candidate, the campaign will be directed by the VCC.
32. State Council may determine which Branch has jurisdiction in relation to clause 29; the powers, responsibilities, membership structures of campaign committees formed under clauses 28, 29 or 30; and the direction of any campaign where either no responsible body exists, or the responsible body declines to direct the campaign.
33. All Branches or campaign committees responsible for the direction of the campaign in an electorate, will:
 - a. appoint a campaign co-ordinator (which may be an Office Bearer or any other committee member), and authorise the coordinator to expend funds up to a specified limit;
 - b. provide all necessary information to State Council, the Party Agent and the Registered Officer for the purposes of compliance with the relevant Commonwealth or Victorian legislation; and
 - c. keep their own separate set of record books and where required to do so furnish the relevant Electoral Commission with accurate financial records for them to check. The following must also be recorded separately:
 - i. all gifts as defined in the relevant legislation;
 - ii. records of election expenses; and
 - iii. claims for reimbursement of electoral expenses up to the amount allowed, if applicable.
34. Financial records relating to election campaign expenses will be kept for five years following the election to which they relate.
35. A campaign committee may be suspended by:
 - a. a decision of the entity that created it; or

- b. by a decision of State Council if there is evidence that the committee is seriously failing to meet its responsibilities under this internal policy or financial responsibilities or persistently breaches State Council decisions;
- 36. If a campaign committee is dissolved or suspended under clause 35, the direction of the campaign will transfer to the body otherwise responsible under clauses 28, 29 or 30 if there is one, or to the VCC if there is not, for the duration of the suspension.

Preselection and endorsement

- 37. Where a relevant election campaign committee exists, the campaign committee will conduct the preselection, otherwise the body with responsibility for directing the campaign will conduct the preselection.
- 38. If there is no Branch or election campaign committee covering a given electorate, or the relevant Branch or election campaign committee reports that it is unable or unwilling to conduct the preselection, the VCC may designate another body to conduct the preselection for that electorate.
- 39. State Council may determine a date by which a particular class of preselections must occur, and in default of this, may determine any other necessary matter regarding the conduct of preselections.
- 40. If there is only one candidate for election for public office, endorsement will nevertheless be required in accordance with the procedure established under Constitution clause 3(3), conducted by the relevant body.
- 41. In the case of a casual vacancy in an office previously held by an endorsed Party office holder in the Federal Senate, the Victorian Legislative Council or any other body for which a casual vacancy requires the Party to nominate a replacement office holder, a new preselection must be held. Clauses 37 to 48 will apply as if the preselection for the casual vacancy were a general election to that body.
- 42. In the case of a by-election, the VCC will determine a method for preselecting candidates and determine which body will be responsible for conducting the preselection.
- 43. If circumstances justify, State Council may exercise a veto option on candidates proposed by a Branch or an election campaign committee. State Council may then propose a new candidate if the relevant Branch or election campaign committee does not opt to do so.
- 44. Candidates for public office who have been preselected under clauses 37 to 48 and 130 to 186 will be recognised as endorsed candidates of the Party.
- 45. members who hold public office will also go through the candidate preselection process before each relevant election.
- 46. Any person who applies for membership while standing for election to, or after having been elected to, any local government, or State or Federal parliament will require:
 - a. acceptance as an member, and

- b. endorsement pursuant to the preselection process set out in clauses 37 to 48 and 130 to 186, and
 - c. endorsement by State Council.
- 47. A member who is elected to Public Office on a countback and who was not endorsed by the Party to be a candidate for that Public Office must immediately notify State Council. If State Council does not endorse that member for that Public Office within 3 months of them taking that Public Office, or if State Council decides that the member is not endorsed, that member must either resign that Public Office or resign their Party membership.
- 48. Nothing in clauses 37 to 48 and 130 to 186 shall be taken as preventing any measure which is deemed necessary to ensure that the Party or the Australian Greens has a candidate in any seat in any State or Federal election in circumstances where any present or future preselection process which would otherwise apply cannot or would not be completed due to the calling of an early election at short notice.

Allocation of preferences

- 49. The decision on the allocation of preferences for local government electorates may be made by branches, subject to clauses 52 and 53 where there is more than one branch in an LGA. If there is any ambiguity as to whether a branch has authority in a particular case, the dispute will be resolved by State Council.
- 50. Any branch may delegate the responsibility for deciding preference allocation to State Council.
- 51. The decision on the allocation of preferences for any electorate that is not a local government municipality will be made by State Council or the body to which State Council delegates that power, having consulted with the branches to which the electorate corresponds.

Special arrangements for certain LGAs and branches

- 52. The purpose of clauses 52 and 53 is to ensure that, within LGAs where there are a number of branches (only), either those branches may continue or other arrangements as provided for in clauses 52 and 53 are given effect.
- 53. The LGAs referred to in clause 52 are the City of Greater Geelong, the Borough of Queenscliff and the Shire of Yarra Ranges. The branches referred to in clause 52 are Geelong and District, Bellarine, Dandenong Ranges, Healesville and Upper Yarra.

Provisions from old bylaw 5 “Restrictions on holding multiple offices”

Restrictions on holding multiple offices

54. To avoid doubt, this internal policy places no restriction on any member seeking to hold, or holding, any public office, but places restrictions on seeking to hold, or holding offices within the Party in circumstances described below.
55. While they hold a position or office listed in Column 1, no Party member may hold a position or office listed in Column 2; either
- for more than 12 weeks; or
 - in any circumstances described in Column 3;
 - except as described in Column 4.

| Column 1 | Column 2 | Column 3 | Column 4 |
|---|--|---|--|
| VCC Convenor | Member of State or Federal Parliament or their staff, Salaried Mayor (or equivalent) of LGA, or Party staff. | During an election campaign period applicable to the person’s position under Column 2, during the 12 weeks prior to the scheduled date of an election (or from the date of the issuing of writs). | A person who is in a position or office as described in Column 1 who during their term of office obtains a staff position may continue to hold that position or office for the balance of the term of office, if that balance is less than 9 months, with the permission of State Council. |
| Preselected candidate for either a ‘lead position’ for the Senate or Legislative Council Region, or for a federal or state lower house seat, where the Party’s vote in that seat in the previous election exceeded 20%. | Member of the VCC. Most senior Party employee. | During an election campaign period applicable to the person’s position under Column 2, being during the 26 weeks prior to the scheduled date of an election (or from the date of the issuing of writs). | |
| Member of State or Federal Parliament or their staff, or Salaried Mayor (or equivalent) of LGA, or Party staff. | State Council or VCC | | Where holding position in the capacity of staff, parliamentarian or elected Local Government rep. |

56. In the previous clause, 'staff' is defined to mean those employed as staff, other than those employed on a short term temporary basis.
57. Where one clause of this internal policy limits the holding of particular offices further than another clause of this internal policy, the more limiting clause will prevail.
58. The act of nominating for the position of VCC Convenor carries an implicit undertaking that the person so nominating shall not, during the following 12 months, nominate for preselection for:
 - a. the lead position on the Senate ticket, or the second position in respect of a double dissolution;
 - b. the lead position on the ticket in a Legislative Council Region, or the second position in circumstances where the Party's vote in that Region in the previous election exceeded 20%; or
 - c. any state or federal seat in which the Party's vote was more than 20% (or double the average vote for seats in Victoria in the most recent relevant general election, whichever is the lesser).
59. Should a VCC Convenor nominate for preselection for endorsement for any of (a) to (c) above, they shall thereby cease to hold that office.
60. For the purpose of this internal policy, the holding of an office within the Party includes any holding of office on an acting basis.

Provisions from old bylaw 9 "General operations of standing committees"

Victorian Campaign Committee decision-making

61. It is the intention of State Council that wherever State Council has delegated to the VCC under this internal policy or otherwise, the power to make a decision (as opposed to State Council merely delegating a power to make a recommendation), then in the normal course of events it is expected that the VCC will make decisions about these matters and will not merely make recommendations.
62. Therefore, there should be unusual circumstances why the VCC only makes a recommendation where it could make a decision. Such circumstances might include the importance of the matter in the particular context, or the level of controversy about the matter in the Party.
63. It is the intention of State Council that wherever State Council has delegated to the VCC under its terms of reference, the power to make a recommendation, then in the normal course of events it is expected that the VCC will make recommendations which do not require a further decision of State Council, other than mere approval of the recommendation

64. If the VCC is of the view that an issue should be an item for discussion at State Council, this does not of itself mean it should fail to make a substantive recommendation, but the VCC may request of State Council that the item be listed for discussion.

Victorian Campaign Committee quorum, and quick decision-making group—part II

65. The quorum for a meeting of the VCC shall be at least half of its members.
66. The VCC shall appoint a QDMG, which must have four members and must include at least one State Councillor. A decision by a QDMG must be supported by at least 3 members and must not be opposed by any member of the QDMG, and must be ratified in the minutes and Record of Decisions at the next meeting.

Election of general members of Victorian Campaign Committee

67. General members of the VCC shall be elected by a postal or electronic ballot of all members prior to the annual general meeting.
68. Any casual vacancy of a general member of the VCC shall be filled by State Council at the next meeting which allows for sufficient notice of the vacancy to be given to members.

Removal of general members of the Victorian Campaign Committee

69. A member of the VCC (other than a person who holds that position by virtue of holding another office) may resign in writing to the VCC Convenor or to State Council.
70. Wherever a member of the VCC (other than a person who holds that position by virtue of holding another office):
 - a. fails to attend two consecutive meetings without apology; or
 - b. fails to attend three meetings with apologies (excluding exceptional circumstances where leave of absence is granted from the Committee for not more than three months); or
 - c. is found to have committed misconduct; or
 - d. appears to be unable or unwilling to contribute to the work of the Committee;
71. The VCC Convenor will contact that member to discuss their continued membership of the Committee. Should the member not resign and should the Convenor after that discussion not be satisfied about the continued involvement of that member, the Convenor will, as they consider appropriate, recommend to State Council in writing (with a copy to the member) that the member's position be declared vacant, and State Council may upon this recommendation remove the member from the VCC, provided the member has been afforded an opportunity to be heard. This is subject to review by State Council should the member challenge the decision.

72. State Council may remove a member of the VCC at its discretion provided an opportunity has been afforded to them to be heard prior to any such decision being made.

Victorian Campaign Committee office bearers

73. The VCC Convenor will be responsible for:
- a. facilitating meetings of the Committee, or delegating this responsibility to another member for any meeting;
 - b. in conjunction with the Secretary of the Committee, ensuring that the appropriate notice of meeting, agenda and motions on notice are provided in good time;
 - c. ensuring that the business of each Committee meeting is properly addressed;
 - d. presenting Committee reports to State Council;
 - e. acting as the Committee's primary point of contact with State Councillors, except where decided otherwise by the Committee; and
 - f. in consultation with State Council, corresponding with the National Office Bearers on behalf of the Committee.
74. The VCC shall be required to appoint a Secretary at its first meeting after each annual general meeting or as vacancies arise.
75. The VCC Secretary shall be charged with:
- a. in conjunction with the Convenor, ensuring that the appropriate notice of meeting, agenda and motions on notice are provided in good time;
 - b. in combination with the Convenor, the creation of meeting agendas;
 - c. the taking of meeting minutes;
 - d. the uploading of these minutes to the internal Party website within one week of each meeting;
 - e. liaising with the Returning Officers to ensure that any Committee vacancies are addressed; and
 - f. maintaining any e-lists of the Committee.

Provisions from old bylaw 10 “Campaign Committee”

Victorian Campaign Committee—part III

82. The name of the Committee shall be the VCC.
83. The functions of the VCC include those set out in this internal policy.
84. Without limiting the operation of clause 83, but not so as to give it control over the resources of any other Party body, the Committee is responsible for the general management of electoral and related campaigns within the resources allocated to it by State Council or otherwise; and for the implementation of:
 - a. Applicable decisions of State Council regarding State electoral and related campaign matters;
 - b. Applicable decisions of Branches and of State Council in respect of local government elected and related campaigns;
 - c. Applicable decisions of State Council and the Australian Greens in respect of national electoral and related campaigns.
85. The Committee must recommend to State Council for adoption, a Campaign Strategy Statement, of no more than 500 words, that covers a nominated prospective period, and which is to include (but need not be limited to):
 - a. Strategic objectives;
 - b. priority policy issues;
 - c. the general approach to the content and method of campaigning;
 - d. approaches to organisational and communication questions;
 - e. Lessons from past experience; and
 - f. How the strategy will maximise the participation of party members.
86. Wherever State Council adopts a campaign Strategy Statement, the VCC must in performing its functions be guided by that Statement, or if it departs from that guidance, must note that in its minutes and report this to the next State Council meeting.
87. Prior to the expiry of the period covered by a campaign strategy statement, the Committee must recommend and present to State Council a further Strategy Statement.
88. Except on a pro-tem basis with the approval of State Council, and subject to such conditions as State Council may prescribe in any circumstance, the VCC may only authorise expenditure pursuant to a budget approved by State Council, after its consideration by the Committee responsible for Finance. Notwithstanding the foregoing, total expenditure may exceed that provided for in the budget provided that (and only provided that);

- a. the Committee responsible for Finance or State Council; has approved this increase on the basis of a determining that there is sufficiently certain basis to increase a corresponding income or revenue budget line within the Committee's budget; or
 - b. State Council has allocated other funds to cover the increase in expenditure.
- 89. When a budget has been approved by State Council, the VCC may amend the budget provided that the following conditions are met:
 - a. there is no increase in total expenditure (except as provided for in clause 88);
 - b. any proposal to reduce an allocation of the funds to be controlled by any Branch, Branch-based or region-based election campaign committee, as compared to the budget approved by State Council or any amended budget approved by the Committee, must not occur unless the Convenor or (if the Convenor appears to be unavailable) some other appropriate person from each of these bodies has been invited to the meeting and given the opportunity to be heard; and the reduction has then been then approved by State Council; and no such reduction shall have effect if any such body would be unable to meet its commitments solely because of such a reduction.
- 90. Wherever it appears to the VCC Convenor that in connection with an election, there will be significant additional funds available to spend on campaign related expenditure in connection with that election then, subject only to there being sufficient time available before the relevant election having regard to the urgency of making decisions, the VCC shall, prior to allocating such additional funds, invite to and give the opportunity to be heard at any meeting which is to consider that allocation, the Convenor or (if the Convenor appears to be unavailable) some other appropriate person from each Branch, Branch-based or region-based election campaign committee having responsibility for the conduct of a relevant election.
- 91. In addition to any other obligations under this internal policy, the VCC must hold a meeting of the VCC to which all the Convenors or (if the Convenor appears to be unavailable) some other appropriate person from each Branch, Branch-based or Region-based election campaign committee having responsibility for the conduct of a relevant election campaign shall be invited. Such a meeting may be held in conjunction with any special meeting of State Council held because of the calling of an election:
 - a. not less than once every four months, and;
 - b. within ten days of the dissolution of the State or Federal Parliament (or a House thereof);
 - c. between 4 and 6 weeks prior to a date on which local government elections are to be generally held across the state.
- 92. The VCC is responsible for determining the preselection process for Senate preselection and for directing the implementation of that process. Moreover, the VCC has the responsibility to ensure that other party bodies are carrying out preselection decisions, and for settling the date by which such decisions must be taken. Where it

appears that the situation requires it, the VCC may do anything necessary, or authorise a person to do anything to ensure that there is a candidate for a specific State or Commonwealth parliamentary election, in circumstances where:

- a. A decision has been made that the Party is to have such a candidate;
 - b. For any reason no candidate has been selected, or a candidate has been selected and for any reason is no longer to be the candidate; and
 - c. Under the relevant procedures applicable, it is not reasonably practicable for the Party to select a candidate, and the relevant Branches and campaign committees are consulted.
93. The VCC is responsible within its powers, for ensuring that campaign communication infrastructure is effective.
94. The VCC shall consist of:
- a. the VCC Convenor.
 - b. three general members elected for a term of up to two years which may be expressed as a period of time or as related to an event (for example, until two months after the next federal election), as determined by State Council from time to time (or in default of a decision, one year).
 - c. one member each of the Parliamentary membership of the party (if any) at State and Federal level nominated by each of the relevant party leaders or failing that agreed between the relevant (Victorian) members in each case; or a nominee of each State and Federal group of parliamentarians, for a term of office determined by the relevant parliamentary group, not being less than one year.
 - d. a member who is or has been a local government councillor, selected by the current Party local government councillors, for a term of office decided by them, not being less than one year.
 - e. the most senior party employee, who shall not have a vote.
 - f. up to three members nominated by the VCC from time to time (after general advertisement to party members), selected by the committee having regard to ensuring the inclusion on the committee of a balance of members with necessary expertise, knowledge or experience.
95. The persons holding office on the VCC under clause 94(c) above shall not have the right to vote if they are on the VCC in their capacity as an employee of the party or a politician, and subject to direction in the performance of their work by the Party or a politician.
96. Each of the following persons shall have the right to attend, and shall be advised of meeting times and agendas, if not otherwise a member of the VCC:
- a. State Councillors;
 - b. the members appointed under Constitution Schedule 5 item 6(1); and
 - c. Party delegates to any national campaign committees or national campaign working groups

Campaign management team

97. The VCC may also meet in the form of the CMT, which shall consist of :
 - a. the VCC Convenor (or if the Convenor is unable to attend, they may nominate one of the two general members of the VCC to attend in their place);
 - b. the most senior party employee.
 - c. between 2 and 4 members appointed by the VCC from time to time.
98. The quorum for the CMT shall be at least half of its members.
99. State Councillors must be advised of meetings of the CMT and may attend them. The most senior member of the Party staff acts as the Secretary of the CMT.
100. The CMT shall have all the powers of the VCC, except the following:
 - a. amending the VCC budget to increase total expected expenditure;
 - b. reducing the allocation in the budget to any branch, branch-based or region-based election campaign committee having responsibility for the conduct of a relevant election;
 - c. acting in a manner inconsistent with an explicit decision or direction of the VCC;
 - d. exercising any of the delegated powers of State Council under clauses 37 to 48 of this internal policy.
101. In performing their functions, each of the VCC and the CMT shall be mindful of the intention of State Council in establishing these two bodies:
 - a. In many circumstances, the day to day political pronouncements of the Party are necessarily those of the Party's elected representatives, and there should be maximum co-operation between the Committee and those representatives. Nevertheless, the campaign resources of the Party should at all times be directed in support of positions consistent with Party policy, and the VCC has a responsibility to ensure this is the case.
 - b. The VCC's primary functions are the recommendation to State Council of overall strategy, ensuring that strategy is being implemented, amending strategy when necessary, financial compliance, budget management, selection of major contractors such as advertising agencies, proper governance, and effective communication within the Party. While it will be required to exercise its political authority where controversy arises within the Party about day to day management issues, the VCC oversees but does not participate in the day to day management of campaign issues. In light of this, it would be expected that the VCC would meet monthly, and more often during an election campaign period.
 - c. The CMT is responsible to the VCC for making day-to decisions about the content of campaigns and the allocation of resources under the control of the VCC. It would be convened by the VCC Convenor whenever the need arises, and it would be expected to meet at least several times each week during an election campaign period. It must report all of its decisions to the VCC and

these must be included in the minutes of the next VCC meeting. The CMT can direct the day-to-day priorities of the campaign staff through the most senior employee.

Preselection method 3: preselection panel

168. Further to the restriction in clause 131(a) of this internal policy, this method may only be used:

- a. with the approval of the VCC, and

171. If, after interviewing all nominees and being allowed reasonable time for deliberation, the preselection panel cannot reach a decision, the Returning Officer must declare the preselection closed with no result.

Supporting declarations

172. In clauses 173 to 175, **applicant** means the member about whom the supporting declarations are made.
173. A supporting declaration must be provided in the form specified by the VCC, which must require the member making the supporting declaration to declare that they:

180. In clauses 181 to 186, **applicant** means the member seeking to pass a section 44 check.

181. The VCC Convenor or delegate (**assessor**) will assess the eligibility of the applicant to nominate for election under section 44 of the Commonwealth Constitution.
182. In doing this, the assessor may seek such advice as they deem necessary and may request further information from the applicant.
183. If the assessor considers that there is a real risk that an applicant is not eligible, they may determine that the applicant has failed the check. Otherwise, they must determine that the applicant has passed the check.
184. If it is clear that a risk is able to be mitigated, the assessor may set conditions on a decision that deems that an applicant has passed, setting out steps that must be taken by the applicant.
185. The applicant must be provided with written and dated confirmation of the result of the check as soon as practicable after a determination has been made. Where they have failed the check, they should be informed of the reasons for that and the steps the assessor considers necessary to pass the check in future.

29. A probity check will be conducted on all nominees for public office, excepting any nominee who
 - a. has been approved by a Probity Panel within the previous 3 years; and
 - b. provides a statutory declaration stating that no matters relevant to probity have substantially changed since their last Probity check; and
 - c. the most senior employee, Convenor of the Misconduct Panel, and VCC Convenor and electorate or regional campaign committee convenor can confirm that no matters relevant to probity have substantially changed since their last probity check.

This access may include, for example, allowing Probity sub-panel members to 'friend' them on Facebook, ensuring Probity sub-panel members can 'follow' all of the nominee's Twitter accounts and ensuring any other action is taken which provides the Probity sub-panel members such access.
35. The Probity Panel may contact any person while conducting a probity check without reference to the nominee.
36. Confidentiality will be maintained as follows:

 39. Subject to 34, 39 and 40 below, the decision-making period must be no later than fourteen (14) days (or 48 hours in the case of a snap election) after the close of nominations.
 40. In the case of a nominee being approved with conditions, the State Director, or their delegate, will be informed in writing within 72 hours by the Probity Panel. If the nominee gains preselection, the convenor of the relevant body responsible for the preselection will be provided a summary of conditions by the Probity Panel. The convenor of the relevant body responsible for preselection will be tasked with tracking compliance of conditions. Any breaches of conditions must then be referred to the Endorsement Review Committee.
 41. The Probity Panel shall have the authority to:

URGENT WITHDRAWAL OF PARTY ENDORSEMENT OF A CANDIDATE FOR PUBLIC OFFICE

Transitional provision

1. The Endorsement Review Committee is immediately re-established under this internal policy.

Delegation

2. State Council delegates its power to the Endorsement Review Committee to make the decisions permitted under this internal policy.

Procedure

3. Any endorsed candidate for public office may be removed as a candidate under this internal policy. In this internal policy, **ERC** means the Endorsement Review Committee constituted under this internal policy.
4. These procedures cease at any stage should the relevant candidate withdraw as a candidate.
5. The ERC is composed of:
 - a. two members appointed by State Council; and
 - b. the VCC Convenor.
6. These procedures must be initiated by a notice, which may be in writing or by telephone, from a member who holds public office, or a State Councillor, to any member of the ERC, which notice need only state the name of the candidate proposed for disendorsement, but may include any other relevant matter.
7. The ERC shall confer. If any member of the ERC thinks the matter should proceed, the ERC shall forthwith:
 - a. advise the candidate; and
 - b. advise any relevant campaign committee convenor.
8. The ERC shall be convened at a time having regard to the desirability of allowing sufficient time for the candidate to respond, but also to any urgency having regard to the political circumstances, but in any case shall not be convened until at least 8 hours (excluding midnight to 6 am) after a written notice has been sent to the candidate setting out the reasons why it is considered necessary that they might need to be disendorsed, advising the time and place of the ERC meeting (and any phone number by which its meeting may be attended). The candidate should have the opportunity to address the ERC, and every attempt shall be made to contact the candidate to ensure that the notice has been received. Copies of the notice shall be sent to the relevant

campaign committee convenor and, in the case of a Federal candidate, to the Parliamentary Leader of the Australian Greens.

9. The ERC shall determine its own procedures having regard to the circumstances and urgency of the matter. All proceedings before the ERC are confidential. The ERC shall have access to all relevant probity documents and candidate agreements, and may interview any person involved in any probity check. In the case of a Federal candidate, the Parliamentary Leader of the Australian Greens shall have the right to confer with the ERC, and in any case, the ERC shall have regard to her or his advice, which may be given in confidence.
10. The terms of reference of the ERC shall be to determine whether, in all the circumstances there are clear and compelling reasons why it is in the interests of the Party to disendorse the candidate, and if the ERC so determines, it shall do so.
11. Proceedings before the ERC are not disciplinary or penalty proceedings. Therefore:
 - a. it is not necessary that any allegation or suggestion in relation to any conduct by the candidate be proven for the ERC to make any decision;
 - b. where an issue involves an allegation or suggestion related to any past or present conduct by the candidate, the ERC has no brief to make any adverse determinative findings of fact against the candidate in respect of that alleged or suggested conduct. (This does not prevent any subsequent disciplinary proceedings against a candidate or former candidate in accordance with other relevant party procedures.);
 - c. where a decision to cancel the candidate's endorsement occurs in circumstances where the candidate denies any allegation or suggestions in relation to his or her conduct, any public statement by the Party shall acknowledge this denial.
12. The ERC may authorise the making of a statement on behalf of the Party following its decision. Where appropriate, an attempt shall be made to reach agreement with the candidate or former candidate about the terms of that statement.
13. A decision of the ERC to disendorse a candidate must be by consensus, but is final, provided that the ERC may refer the matter to State Council for a final decision if it is not certain, and shall do so if it cannot reach consensus. In this case, a State Council meeting shall be called forthwith to determine the matter. The members of the ERC and the Parliamentary Leader of the Australian Greens shall as far as practicable, be in attendance, but otherwise the meeting shall be closed, unless State Council decides that others may attend.

TITHING

1. In this internal policy, **member** means member who holds public office.
2. Each member must pay a tithe to the Party quarterly in accordance with the following formula:

Where:

- t is the amount of the quarterly tithe
- g is the gross salary received by the member from their office during the relevant quarter, excluding electorate allowances
- m is one quarter of the annual base gross salary of a member of the Victorian Legislative Assembly
- p is 0.01 for a member in state or federal government office
is 0 for a member in local government office

3. Each tithe must not be paid out of any electorate allowance controlled by the member.
4. Any tithe due from a member in federal office to the Australian Greens must be paid by the Party out of the tithe received from the member under this internal policy.
5. The portion of any tithe represented by pg must be paid by the Party to the Global Greens Secretariat.
