QUEENSLAND GREENS CONSTITUTION

Chapter One: Principles And Objectives

1. Name and Constitution

- 1.1. The name of the association is "The Queensland Greens Inc.", hereinafter referred to as 'the party'.
- 1.2. This constitution identifies the principles governing the conduct of the party's affairs and the bodies responsible for implementing them.
- 1.3. The Queensland Greens is a member body of the Australian Greens, the national confederation of state and Territory Green parties.
- 1.4 All other party documents are subordinate to this constitution. This constitution is subordinate to the constitution of the Australian Greens.

2. The Charter of The Greens

Basis For Action

We live at a crucial time in history. Never before have we had so many answers to the problems that have dogged our developing world.

Solutions now exist that could greatly decrease the poverty, hunger and ill health of our fellow humans and we now have technologies to reduce and repair much of the ecological damage to our planet.

Clean air, clean water and ecological sustainability are possible. Yet this is not being achieved. World-wide, governments lack the political will to make the necessary adjustments that will bring an end to the conflict, pollution, poor health and social inequity that characterise our time.

The Greens have evolved in this climate to show a new way forward. A Green response to the ecological crisis proceeds on the basis of a respect for all life, both human and non-human.

We recognise the mutual interdependence between humanity and the rest of nature and we seek to move toward an ecologically sustainable path.

We seek to eradicate poverty, oppression and discrimination and to build a society underpinned by values of participatory democracy, social justice, and the respect for cultural and ecological diversity.

We aim to transform the political, social and economic structures that disempower and oppress people and to develop a rich, participatory cultural life that enables the flourishing of new democratic movements for progressive change.

We believe that contesting elections is a necessary step toward the building of an ecologically sustainable and socially just society, but that it is by no means the only step.

We seek to encourage and facilitate grassroots movements and community initiatives that are working towards ecological responsibility, social justice, affirmative action and global equity.

We seek to avoid parochialism and to cultivate a global, ecological consciousness and a long-term perspective in order to safeguard the interests of both existing and future generations and nonhuman species.

We believe Australia should play an active role in building a more cooperative world that is capable of addressing the glaring disparities in energy and resource consumption and quality of life between rich and poor.

We aim to extend recognition and assistance to progressive social movements in other countries and to international institutions that are working toward these ends.

Reflecting an awareness of the interrelatedness of all ecological, social and economic processes the general principles of The Greens are:

2.1. Ecology

- a) To ensure that human activity respects the integrity of ecosystems and does not impair biodiversity and ecological resilience of life-supporting systems.
- b) To encourage the development of a consciousness that respects the value of all life.

2.2. Democracy

- a) To increase opportunities for public participation in political, social and economic decision-making.
- b) To break down inequalities of wealth and power which inhibit participatory democracy.

2.3. Social justice

- a) To eradicate poverty by developing initiatives that address the causes as well as the symptoms of poverty.
- b) To provide affirmative action to eliminate discrimination based on gender, age, race, ethnicity, class, religion, disability, sexuality, or membership of a minority group.
- c) To introduce measures that redress the imbalance of wealth between rich and poor.

2.4. Peace

- a) To adopt and promote the non-violent resolution of conflict.
- b) To develop an independent, non-aligned foreign policy and a non-nuclear, defensive, self-reliant defence policy.

2.5. An ecologically sustainable economy

- a) To develop economic policies that will ensure greater resource and energy efficiency and development and use of environmentally sustainable technologies.
- b) To reduce dependence on non-renewable resources and ensure sustainable use of renewable resources.
- c) To adopt more comprehensive social, environmental and technology assessment practices.
- d) To facilitate socially and ecologically responsible investment.

2.6. Meaningful Work

- a) To encourage, develop and assist work that is safe, fairly paid, socially useful, personally fulfilling and not harmful to the environment.
- b) To encourage and facilitate more flexible work arrangements (such as job sharing, part-time work, self-employment), on-going education, training and social welfare (including child-care) so that more people

can engage in meaningful work.

2.7. Culture

- a) To respect and protect ethnic, religious, racial diversity.
- b) To recognise the cultural requirements of the original Australians and to assist in ensuring the achievement of Aboriginal land rights and self-determination.

2.8. Information

- a) To facilitate a free flow of information between citizens and all tiers of government.
- b) To ensure that Australians have the benefit of a locally responsible, diverse, democratically controlled and independent mass media.

2.9. Global responsibility

To promote equity between nations and peoples by:

- a) facilitating fair trading relationships.
- b) providing for increased development assistance and concerted international action to abolish Third World Debt
- c) providing increased green technology transfer and skills to developing countries
- d) opposing human rights abuses and political oppression
- e) ensuring that Australia plays an active role in promoting peace and ecological sustainability.

2.10. Long-term future focus

- a) To avoid action which might risk long-term or irreversible damage to the environment.
- b) To safeguard the planet's ecological resources and values on behalf of future generations.

3. Means

3.1. To seek the election or appointment to public office of people who are committed to the Greens' principles, policies and objectives.

3.1.1 To promote the election to the Federal Parliament and the Queensland Legislative Assembly candidates endorsed by the party or by a body or organisation of which it forms a part.

3.2. By electoral strategies and direction of voting preferences, to encourage other political parties to adopt our objectives.

3.3. Our view of social change involves more than merely the substitution of one lot of decision makers with another lot who will act more responsibly.

We aim for changes that will empower all people and allow them to act in greater harmony with each other and the rest of nature. Therefore, while contesting elections is an important part of our strategy it is by no means the only one. We will also be involved in grassroots campaigns which are essential, if destructive and undemocratic values in the community are going to be seriously challenged by our movement. These campaigns shall include:

- a) Resistance to oppressive and destructive practices, using non-violent direct means.
- b) Promote research and education of ourselves and the community which allows us and others to analyse more vigorously, act more effectively, and envision the future with more compassion and understanding.
- c) Co-operation with like minded green organisations both in Australia and overseas so that their complementary efforts for human rights and environmental protection are seen part of a multi-faceted and global project.

 - 3.1. The CAC may subsequently request or the complainant provide further documentation.

 - 5.3.2. Advise the complainant of alternative appropriate actions; or,
 - 5.3.3. Refer the matter to mediation; or,

 - 5.4.2. The CAC may grant an extension to the subject of the complaint to respond in exceptional circumstances.
 - 5.4.3. Once this time period has elapsed, CAC will within two weeks adjudicate the matter, or at least report to the complainant and the subject of the complaint that consensus has not been reached.
 - 5.4.4. Should consensus not be reached in two weeks then CAC will report to the complainant

and the subject of the complaint after every committee meeting until consensus is reached.

- 5.4.5. If consensus has not been reached within six weeks or CAC determines that consensus will not be reached the matter will be referred to State Council in camera if not subsequently resolved by CAC.

- 5.5. In the event of [5.3.3](#), a designated member of CAC will then approach the member or body complained of, with the goal of initiating mediation, seeking an apology or other appropriate action to resolve the problem.

- 5.5.1. A mediation process will be facilitated by a person or persons appointed by the CAC.

- 5.5.2. The process will continue until it either succeeds or the facilitator or CAC deems that it has little chance of success.

- 5.5.3. Failure to participate in the process in good faith can be a basis for CAC to impose remedial actions.

- 6. The CAC may take the following range of remedial actions appropriate to the action complained of:

- 6.1. Issue a formal warning including notice that should a second substantially similar complaint be upheld, specified remedial action will be taken;
 - 6.2. Require an apology in a form acceptable to the CAC;

 - 6.8. Suspend a person's membership for a designated period or until certain conditions are met;
 - 6.9. Expel a person from the Party.

- 7. The CAC may impose remedial action without requiring the complainant to file a separate complaint for:

- 7.1. Failure to participate in the complaints process in good faith;
 - 7.2. Failure to comply with a proper direction of the CAC authorised under the by-laws;
 - 7.3. Recriminatory behaviour;
 - 7.4. Breach of confidentiality.

- 8. Respecting confidentiality means that a member may only discuss the details of a complaint to which they are a party with the members of their immediate household, their support person/s (being a person or people with whom the member has relationships of support and mutual expectations of confidentiality), professionals engaged by the member who have ethical duties of confidentiality (for

example, medical professionals, lawyers, etc), members of the CAC, members of the MRWG and other members directly involved with the complaint (e.g. co-complainants, co-respondents, their support person/s and their engaged professionals who have ethical duties of confidentiality).

- 8.1. In the event that a person whose membership has been terminated exercises their right to appeal to State Council, this confidentiality requirement will cease to apply, and the details of the complaint will instead be subject to the same confidentiality requirements that apply to any other item on the State Council agenda. When providing relevant information and case documentation to State Council, the CAC should continue to respect the privacy of the complainant and any other members involved as far as possible (e.g. by redacting personal details), but any other relevant information relating to the complaint may be reported to State Council and discussed among Greens members.
- 8.2. In the event that any party to a complaint makes public statements about that complaint, the confidentiality requirement will be lifted to the extent required to enable the CAC to brief relevant office-bearers, staff and elected representatives and to enable the State Convenor to speak publicly about the matter if necessary.
9. The CAC may proscribe a person who is not a member from applying to join the party.
10. Counter complaints may be considered separately or simultaneously at the discretion of the CAC.
11. Separate complaints relating to the same matter can be combined at the discretion of CAC.
12. All members will respect the confidentiality of the complaint and its accompanying documentary evidence.
 - 12.1. In its report to State Council on the matter, CAC should respect the confidentiality and privacy of the members involved as far as possible.
13. Appeals of CAC decisions can only be made to CAC on the basis of new evidence.
14. Any party to the complaint who considers that they have been denied procedural fairness may request that Management Committee review the process used by the CAC to review the complaint. Management Committee may subsequently direct the CAC to remedy any breaches of procedural fairness identified in its review.
15. If the respondent to a complaint is the Management Committee and the complaint is not resolved via the processes in this by-law, the dispute will be referred to an external mediator via the Disputes Resolution Centre, with the costs of the mediation (if any) to be shared equally between the complainant and respondent as outlined in the *Model rules grievance procedure for incorporated associations*. This section does not apply if:
 - 15.1. before initiating the complaint the complainant has behaved in a way that would be grounds for remedial action under this by-law, and the subject of the complaint is related to the behaviour; or
 - 15.2. before the complaint was initiated, a process had started to take action against the complainant to terminate their membership, and the complaint relates to that process or to a matter relevant to that process; or
 - 15.3. the complaint could reasonably be considered frivolous, vexatious, misconceived, or lacking in substance or relates to a matter that has already been the subject of a complaint.

- 8.12.2.2. If no preference is given to a candidate, then it is assumed that all candidates that have not received a preference will get an equal share of any point values that have so far not been assigned to a candidate that are associated with that ballot
- 8.12.2.3. The successful candidate is the candidate with the highest total point value after all ballots have been counted

- 8.14. The order of election of candidates to multiple positions is not relevant to their status, and will not be recorded.

- 1.2. The goal of this process is to maximise consultation on preferences while still allowing for efficient negotiations between parties.

2. Master Tickets

- 2.1. A Master Ticket is the party's default position on preferences to:-
 - 2.1.1. Political parties registered with the Australian Electoral Commission or the Electoral Commission Queensland that:-
 - 2.1.1.1. Have polled more than one percent in Queensland or Australia in the last year or at the previous state or federal election; or

 - 2.2.1. There will be an option for 'Open Ticket', meaning no direction of preferences in a lower house electorate, included in a Master Ticket ballot. This will have no effect on preferences for the Senate.
- 2.3. The Master Ticket ballot for a State election will ballot members according to their branch membership, with the results applying to all State electorates within the boundaries of the branch.  - 2.5.3. Management Committee in consultation with the Returning Officer and the Queensland Campaign Committee may vary the date of the Master ticket ballot in order to avoid a

potential overlap with an election period or other potential conflict. If for any reason a Master Ticket ballot is missed, then the previous Master Ticket will stay in effect.

- 2.6. If the participation rate for members of a branch in a Master Ticket ballot for a State election is less than the quorum for a meeting of the relevant branch, then the average results for the state will apply as the Master Ticket for electorates covered by that branch. In a Master Ticket ballot for a Federal election, the minimum participation threshold will be 10% of the membership resident in the electorate or five members, whichever is the greater. If this threshold is not reached, then the average results for the state will apply to that electorate.
 - 2.6.1. The preferences for any options in the ballot as per [2.1.2](#) or [2.1.3](#) specific to that branch will revert to being determined by Queensland Campaign Committee.

- 2.2. The discount rate is equal to 10% of the proportion of the member's base income as a percentage of the discount cutoff. (Eg. If base salary is \$50,000, then $10\% \times (50,000/100,000) = 5\%$)
- 2.3. The calculation for annual tithings will be made on the basis of the annual salary of an elected official who is a member of the Queensland Greens. The amount is calculated based on the table below.

Salary Component	Calculation
Less than the Discount Cutoff	The discount rate of every dollar over base income
Greater than the Discount Cutoff	10% of every dollar of base income, and an additional 1% for State and Federal MPs

Base income includes salaries as defined by the relevant Parliamentary Office / Remuneration Tribunal / Council and includes the base salary plus any other salary remuneration awarded to individuals based on their roles such as party leader, deputy, whip, committee chair, etc. which are calculated by the parliamentary or other relevant pay office. meeting unless otherwise specified in the constitution or bylaws.

- 8.3.1. The usual notice for a substantive motion may be waived via procedural motion. A prerequisite for waiver of notice is submission of a written version of the substantive motion being presented to the facilitator.
- 8.4. Motions must have a mover and seconder before being discussed on the floor of the meeting and only accredited delegates or office bearers may move or second motions.
- 8.5. The mover and seconder of a motion can alter the motion with the consent of the meeting.
- 8.6. Motions can be made contingent on the passing or failure of other motions. Contingency must be made explicit with notice of the motion

9. Amendments & Foreshadowed Motions

- 9.1. An amendment to substantive motion:-
 - 9.1.1. Must be specific and unambiguous as to the change sought;
 - 9.1.2. Must be consistent with the motion that it seeks to amend, and so framed that it would result in a sensible and coherent motion;
 - 9.1.3. Cannot negative the motion.
- 9.2. The facilitator can require that an amendment must be written and presented to the facilitator prior to coming to the floor.
- 9.3. Amendments must have a mover and seconder before being discussed on the floor of the meeting and only accredited delegates or office bearers may move or second motions.
- 9.4. The mover and seconder of an amendment can alter the amendment with the consent of the meeting.
- 9.5. Amendments can be made contingent on the passing or failure of other motions or amendments. Contingency must be made explicit with tabling of the amendment.
- 9.6. An amendment to a motion shall be accepted by consensus or vote according to the same process used for substantive motions with the following exceptions:-
 - 9.6.1. The mover of an amendment shall not have the right of reply at the conclusion of the discussion.
- 9.7. Should the amendment be carried, it then becomes a substantive motion upon which further amendments may be moved
- 9.8. There shall not be, at one time, more than one amendment on the floor.
- 9.9. Any participant may during their speech foreshadow a motion or amendment.
 - 9.9.1. A foreshadowed motion or amendment must be consistent with the motion that it seeks to supplant or amend, and result in a sensible and coherent motion;
 - 9.9.2. A foreshadowed motion or amendment shall not come to the floor of the meeting until the motion or amendment before the meeting has been disposed of;
 - 9.9.3. The facilitator may waive the requirement for a foreshadowed motion or amendment to be submitted in writing.

10. Speaking

- 10.1. The mover of the motion or amendment will be given two minutes to speak to the motion or amendment. This right can:-
 - 10.1.1. Be waived;
 - 10.1.2. Not be reserved;
 - 10.1.3. Be delegated.
- 10.2. The facilitator will ensure that a speakers list is taken.
 - 10.2.1. The maximum number of speakers on the speakers list will be determined by procedure used by the meeting.
- 10.3. For the sake of people participating via teleconference a speaker may only speak when in possession of a microphone.
- 10.4. The default allocation per speaker will be two minutes.
- 10.5. Speakers will:-
 - 10.5.1. Only speak to the matter on the floor;
 - 10.5.2. Not repeat comments already made;
 - 10.5.3. Not exceed the allocated time;

 - 10.5.7. Only speak to each motion or amendment once unless specifically authorised to speak again.
- 10.6. Participants will only speak with permission of the facilitator, and will not interject.
- 10.7. Observers may only speak if so authorised by the passing of the relevant procedural motion.

11. Quorum

- 11.1. A quorum check takes precedence over all other business. A call for a quorum check requires that the Secretary, or in the absence of the Secretary then the facilitator, to confirm that a quorum is present.
 - 11.1.1. A call for quorum can not be called sooner than 15 minutes after quorum was previously established.
- 11.2. Quorum shall be a simple majority unless otherwise stated.

12. Points of Order, Clarification or Information

- 12.1. Points of order take precedence over all other business except a quorum check.
- 12.2. Points of order require only a mover and must be raised immediately upon the occurrence of

the alleged breach.

- 12.2.1. The facilitator can move a point of order.
- 12.3. The following points of order can be ruled on by the facilitator:-
 - 12.3.1. Safe meeting procedure (see [Bylaw 1.2](#) Safe Meeting Procedure and [Bylaw 1.1](#) Code of Ethics). That a participant has violated safe meeting procedure and should be directed to refrain from the offending behaviour, and if necessary be directed to apologise.
 - 12.3.2. Relevance. That the speaker be directed to speak to the matter on the floor.
 - 12.3.3. Repetition. That the speaker is be directed to refrain from repeating comments already made.
 - 12.3.4. Duplication. That the motion or amendment duplicates matters already dealt with by the meeting or is the status quo.
 - 12.3.5. Time. That a speaker's allocated time has elapsed and should not be further heard.
 - 12.3.6. Ultra vires. That the motion, amendment or point of order or part thereof conflicts with the constitution or bylaws and is therefore void.
 - 12.3.7. Insubstantial. That the motion does not conform to the definition of a substantive motion and is therefore void.
 - 12.3.8. Close. That the time allowed for the meeting has elapsed and unless a procedural motion to extend the meeting is moved and accepted the meeting be closed.
 - 12.3.9. Godwin's law. A comparison of a member or a member's position to Hitler or the Nazis has been made and whoever made the comparison has automatically lost the floor and the right to speak for the rest of the meeting.
- 12.4. Point of clarification. If a person's remarks are misquoted or grossly distorted, the person may rise and ask permission to make a point of clarification. The person should correct only the statements wrongly attributed and not proceed to make a speech. Whether to allow a point of clarification will be ruled on by the facilitator.
- 12.5. Point of information. This is to provide a reference to information such as relevant sections of the constitution, bylaws, minutes, budget or other documentation that is directly relevant to a point raised by a speaker. Points of information should be brief and factual, not the giving of an opinion. Whether to allow a point of information will be ruled on by the facilitator.

13. Procedural Motions

- 13.1. Procedural motions take precedence over all other business except a quorum check and points of order.
- 13.2. The facilitator can move procedural motions.
- 13.3. The following procedural motions require only a mover, will be ruled on by the facilitator and cannot be debated:-
 - 13.3.1. Reply. That the mover or seconder of a motion, or person specifically mentioned in the discussion, be able to reply to a point or points raised in precedence to the speakers list.
 - 13.3.2. Follow-up. The speaker be allowed to speak again during a discussion or debate.
 - 13.3.3. Observer. That a member who does not have speaking rights at the meeting be granted

leave to be speak on a particular matter.

13.4. The following procedural motions require a mover and seconder, will be ruled on by the facilitator and cannot be debated:-

13.4.1. Divide motion. That a motion be divided up into more than one motion to allow issues to be dealt with separately.

13.4.2. Move as a bloc. That two or more motions be deemed to be related and therefore dealt with as a single motion.

13.4.3. Adjournment. That discussion of the motion be adjourned until later in the meeting.

13.5. The following procedural motions require only a mover, are decided by the meeting, and can not be debated:-

13.5.1. Allocation. That the time allocated to an agenda item be extended for a specified period.

13.5.2. Move to vote. Any participant who has not already spoken on the motion or amendment under discussion may propose a motion to vote.

13.5.3. Motion not be put. That the motion requires further discussion instead of being put to a vote.

13.5.4. Lay on the table. That debate of the motion be suspended until the next, or other specified, meeting

13.5.5. Withdrawal. That the motion be withdrawn. Withdrawal is moved by the mover of the motion.

13.5.6. Extension. That the meeting be extended for a further specified time.

13.5.6.1. This motions must not extend the meeting finish beyond 17:20.

13.5.7. Division. That the names of participants voting for and against and abstaining shall be recorded in the minutes.

13.6. The following procedural motions require a mover and seconder, will be decided by the meeting and can be debated:-

13.6.1. Reference. That the motion be referred to a committee or working group.

13.6.2. Meeting adjournment. That the meeting be adjourned until a specified time and place, or referred to a committee to determine a time and place.

13.6.3. Formal meeting procedure. That the motion or amendment be debated using formal meeting procedure.

13.6.4. Defence of thesis procedure. That the motion or amendment be debated using defence of thesis procedure.

13.6.5. Parallel motions procedure. That the motion be debated using the parallel motions procedure.

13.6.6. Online procedure. That the motion be referred to be debated using the online procedure.

13.6.7. Urgency. That the required notice for a motion be waived due to urgency. Urgency means that the matter cannot be deferred to the next meeting and it would be detrimental to the Party for it not to be dealt with at the current meeting. This

mechanism can only be utilised immediately subsequent to a call for quorum as per [11.1.1](#). If the proposal requires use of an extension of time of the meeting then Urgency cannot be used and the Waive notice procedural motion must be attempted instead.

13.7. The following procedural motion requires a mover and seconder, consensus by the meeting and can be debated:-

13.7.1. Suspend standing orders. That a specified standing order be suspended for a specified purpose.

13.7.2. Waive notice. That the required notice to a motion be waived due to urgency. This mechanism can only be utilised immediately subsequent to a call for quorum as per [11.1.1](#).

13.7.3. Machinery. That no discussion take place on a motion or amendment.

13.8. The following procedural motions require a mover and a seconder, will be decided by the meeting and can not be debated:-

13.8.1. Suspension of a participant from the meeting for a specified time or agenda item for significant and/or repeated violations of safe meeting procedure or other failure to comply with the rules.

13.8.2. Expulsion of a participant from the meeting for significant and/or repeated violations of safe meeting procedure or other failure to comply with the rules.

13.9. The following procedural motions only require a mover, will be decided by the meeting, can be debated, a temporary facilitator will be appointed for the duration of the discussion, and cannot be ruled ultra vires:-

13.9.1. Ruling. If there is dissent with the ruling of the facilitator then there will be a motion that the ruling of the facilitator be upheld. If the ruling does not receive the confidence of a two-thirds majority then the ruling is not upheld and is reversed.

13.9.2. Confidence. That the facilitator retains the confidence of the meeting. If the facilitator does not receive the confidence of a two-thirds majority then they are removed and a new facilitator appointed.

14. Consensus procedure

14.1. Seeking consensus in committee will be the default mechanism for dealing with motions and amendments.

14.2. Upon a motion or amendment being seconded, the facilitator will test for consensus. If there is consensus then the motion is deemed to have passed. If there is not consensus the facilitator will ask for participants to indicate if they are seeking:-

14.2.1. Clarification;

14.2.2. To make amendments;

14.2.3. To oppose the motion or amendment, and if so whether there is an intention to 'Block' consensus.

14.3. A speakers list will be generated.

14.3.1. The maximum number of speakers on the speakers list will be determined by the amount of time allocated divided by the minutes allocated per speaker plus one.

- 14.3.2. The speakers list will be progressive. The following speakers will be given priority:
 - 14.3.2.1. members who have not yet spoken
 - 14.3.2.2. members who need assistance to speak due to a disability or language barrier
 - 14.3.2.3. members who have significant difficulty following conversations due to a disability or language barrier
- 14.4. Dissent to a motion or amendment is most productively dealt with by either signalling whether the dissent is irreconcilable or by proposing an amendment to the motion (in writing).
- 14.5. If dissent is such that the motion requires significant amendment before it is able to be passed by consensus, a breakout group (ideally consisting of at least the mover, seconder and any dissenters) should work on the amended motion apart from the plenary and present a motion to the plenary after they have reached a decision.
- 14.6. The facilitator shall occasionally test the mood of the meeting to determine if more time is required on the motion.
- 14.7. There is no implicit right of reply for the mover of a motion during discussion contrary to the speakers list.
- 14.8. The facilitator when testing for consensus will allow at least 10 seconds for dissent to be registered.
- 14.9. At the conclusion of discussion before the motion or amendment is put the mover has a right of reply for two minutes. In replying to the discussion the mover must not introduce any new matter but should only answer the arguments raised.
- 14.10. There shall not be, at one time, more than one substantive motion or amendment on the floor.
- 14.11. Delegates who have instructions from their branch to block consensus on the initial wording of a particular proposal should declare such conditions before an issue is discussed. Delegates should indicate if there are any conditions under which they can participate in consensus.
- 14.12. When a 'reasonable period of time' has passed and a decision cannot be deferred, and consensus cannot be reached then there may be a procedural motion to move to vote. A 'reasonable period of time' is defined as:
 - 14.12.1. when the time limit on an agenda item under discussion has passed; and
 - 14.12.2. any resolution by consensus is unlikely to be reached quickly; or
 - 14.12.3. when consensus on a proposal is continually blocked and there is obviously no movement towards resolution by consensus; and
 - 14.12.4. all avenues to reach consensus have failed, e.g.
 - 14.12.5. small group process;
 - 14.12.6. objectors to a proposal prepared to step aside; and
 - 14.12.7. new proposals or amendments put forward to address concerns raised defeated.
- 14.13. A motion will be deemed carried by a two-thirds majority of delegates present, as prescribed by the constitution.
- 14.14. Once a vote has been taken the meeting will revert back to the consensus process.

15. Formal meeting procedure

- 15.1. Formal meeting procedure would be used where debate is particularly contentious and after passing of the relevant procedural motion to adopt the procedure.
- 15.2. The facilitator will confirm the substantive motion, and will call for a mover and seconder for the motion.
 - 15.2.1. If there is not a mover and seconder for a motion, then the motion lapses and will not be debated.
- 15.3. Once a motion is seconded two speakers lists will be generated, 'For' and 'Against'.
 - 15.3.1. If there are no Against speakers the motion will proceed directly to a vote.
- 15.4. The following order of debate for a motion will be:-
 - 15.4.1. mover (5 minutes);
 - 15.4.2. the first speaker from the 'Against' speakers list (2 minutes);
 - 15.4.3. the first speaker from the 'For' speakers list (2 minutes);
 - 15.4.4. the second speaker from the 'Against' speakers list (2 minutes);
 - 15.4.5. the second speaker from the 'For' speakers list (2 minutes);
 - 15.4.6. the third speaker from the 'Against' speakers list (2 minutes);
 - 15.4.7. the third speaker from the 'For' speakers list (2 minutes);
 - 15.4.8. Subsequent rounds of speakers 'Against' and 'For' (2 minutes each) will only be allowed if sufficient time was allocated to the motion on the agenda or by the meeting and be at the discretion of the facilitator;
 - 15.4.9. mover's right of reply (3 minutes); and
 - 15.4.10. a vote taken.
 - 15.4.11. If at any time during the order of debate there are no further speakers 'Against' then the debate will proceed directly to the mover's right of reply.
- 15.5. A debate on an amendment suspends debate on the motion.
 - 15.5.1. As the amendment is a separate question, speakers who have already spoken to the proposal may speak to the amendment.
 - 15.5.2. Once the amendment has been voted on, debate on the motion resumes where it was suspended.
- 15.6. The order of debate for an amendment will be:-
 - 15.6.1. mover (3 minutes);
 - 15.6.2. the first speaker from the 'Against' speakers list (2 minutes);
 - 15.6.3. the first speaker from the 'For' speakers list (2 minutes);
 - 15.6.4. the second speaker from the 'Against' speakers list (2 minutes);

- 15.6.5. the second speaker from the 'For' speakers list (2 minutes); and
 - 15.6.6. a vote taken.
 - 15.6.7. If at any time during the order of debate there are no further speakers 'Against' then the motion will proceed directly to a vote.
- 15.7. There shall not be, at one time, more than one substantive motion or amendment on the floor.
 - 15.8. If some aspect of formal meeting procedure is not covered by these by-laws the meeting should refer to the reference book by Renton on meeting procedure.

16. Defence of thesis procedure

- 16.1. The defence of thesis procedure would be used where carriage of a detailed motion or amendment is effectively undertaken by one or two people and after passing of the relevant procedural motion.
- 16.2. If there is dissent a list of those dissenting will be used to form the speakers list.
 - 16.2.1. Speakers may speak more than once or may delegate their turn to a devil's advocate.
- 16.3. The number of speakers on the speakers list will be limited to the time allocated divided by four. Each speaker will be allocated two minutes.
- 16.4. The mover of the motion or amendment will have:-
 - 16.4.1. At least two minutes to initially speak to the motion or amendments, or longer with permission of the meeting;
 - 16.4.2. One minute right of reply after each speaker;
 - 16.4.3. Two minutes for summation before the motion is put.

17. Parallel motion procedure

- 17.1. The parallel motion procedure would be used to determine which of several approaches that would be passed has the most support and after passing of the relevant procedural motion.
- 17.2. Proposed changes to motions would take the form of alternate motions rather than amendments or foreshadowed motions.
- 17.3. Only those proposing a parallel motion may speak.
- 17.4. A motion (including the original motion) may be withdrawn by the participant who moved it with the consensus of the meeting.
- 17.5. Passing motions will be via approval where voters can indicate support for any or all or no motions. Any motion with the most support and meeting the threshold of two-thirds support required to change the status quo will be successful.
 - 17.5.1. The meeting can determine to conduct an approval ballot to be conducted by the Returning Officer.
 - 17.5.2. In the event of a tie there would be a vote to decide between the tied motions

18. Voting on motions or amendments

- 18.1. Voting on a motion or amendment requires a procedural motion 'Move to vote'.

- 18.1.1. If the procedural motion is accepted by consensus then there will be a vote on the motion or amendment.
- 18.1.2. If the procedural motion is not accepted by consensus then there will be a vote to vote.
- 18.2. Voting will be by show of delegate slips.
 - 18.2.1. Those holding proxies will be allocated delegate slips for those proxies.
- 18.3. Motions or amendments will be carried by a two thirds majority of those voting, meaning abstentions do not count towards the total.
- 18.4. The Returning Officer will count the votes and return the result to the facilitator who will report the results to the meeting.
 - 18.4.1. The Returning Officer may appoint assistants to assist with counting the votes.
- 18.5. The facilitator will ensure that the votes of any delegates participating remotely are sought.

19. Voting on positions

- 19.1. The ballot shall contain a box for a dummy candidate of "No further nominees". A voter may express this option as any preference. Any candidates ranked after "No further nominees" shall be counted as if there was no preference expressed for this candidate.
- 19.2. The following method will select single positions:-
 - 19.2.1. If, after all first preference votes have been counted, no nominee has obtained an absolute majority of all formal votes, then the candidate with the fewest number of first preference votes is excluded. That excluded nominee's second preference votes are then distributed to the remaining candidates.
 - 19.2.2. If after that exclusion no nominee has obtained an absolute majority of formal votes, the next remaining nominee with the fewest votes is excluded and all of their votes (ie. first preference votes plus those votes received from excluded candidates) are distributed to the remaining candidates. 'No further nominee' is not excluded.
 - 19.2.3. If at any exclusion, the next available preference is for a previously excluded nominee, then that preference is disregarded and the vote is distributed to the continuing nominee for whom the next available preference is shown.
 - 19.2.4. This process is continued until one nominee obtains an absolute majority of formal votes and is elected.
- 19.3. The following method of proportional counting will determine appointments for multiple positions:-
 - 19.3.1. Based on an optional preferential single transferable vote using a Droop quota.
 - 19.3.2. If 'No further nominee' is to be elected any remaining positions in the ballot are declared empty.
- 19.4. The Returning Officer may arrange to use software to facilitate determining the results of the ballots.
- 19.5. The order of appointment will be recorded.
- 19.6. The ballots for delegates participating remotely will be collected by the Returning Officer

- 19.6.1. The Returning Officer may collect ballots for remotely participating delegates verbally or by reasonable electronic means.

20. Online procedure

- 20.1. Step One. Submission of motions. The timeline for seeking consensus on motions by the party body on the members' site is as follows from the time of submission of a motion.
- 20.2. Step Two. There will be two weeks for discussion and the opportunity to submit alternate motions. Alternative motions do not replace, or amend, an existing motion but exist in parallel.
- 20.2.1. A motion (including the original) may be withdrawn by the participant who submitted it with the permission of the convenor of the party body.
- 20.2.2. The withdrawal of all motions will result in the cessation of the process after two days if no further motions are submitted.
- 20.2.3. Participants who have a vote may indicate consent or otherwise for motions during this period but are not obliged to do so.
- 20.3. Step Three. Following step two there will be one week for participants who have a vote in to indicate consent, or otherwise, to any motions not withdrawn.
- 20.3.1. If after a week and a quorum of participation has been achieved there is only one motion with the consent of all participants then that motion is deemed accepted by consensus.
- 20.3.2. If at any time during the week there is a consensus from all participants entitled to a vote then that motion is deemed accepted by consensus immediately.
- 20.3.3. If after a week and a quorum of participation has been achieved no motion has the consent of all those participating the process proceeds to step four A (see [20.4.1](#)).
- 20.3.4. If after a week and a quorum of participation has been achieved more than one motion has the consent of those participating the process proceeds to step four B ([see 20.4.2](#)).
- 20.3.5. Step concludes when all entitled to a vote on the relevant Party body have indicated their position regardless of whether the entire week has elapsed.
- 20.4. Step Four
- 20.4.1. Step Four A – No Consensus. If no motion garners consent from all participants exercising their vote then the process returns to step two. All motions not withdrawn are retained as active.
- 20.4.2. Step Four B – Multiple Consensus. If more than one motion gets consent from all participants exercising their vote there will be a preferential ballot to determine the preferred motion. There will be one week for all Members, Delegates, or Representatives entitled to a vote on the Party body to vote.
- 20.4.3. Step Four C - Consensus. If one motion gets consent from all participants exercising their vote then that motion is deemed to have passed.
- 20.5. A procedural motion may be made at any time, but will be conducted in parallel to the ongoing business of the Party body. That is the Party body may continue attempts to reach consensus, discussion and votes on a motion that would be effected by the procedural motion until such time as the procedural motion is resolved.

- 20.5.1. A procedural motion will be deemed carried by a two-thirds majority of votes, if the quorum threshold is reached.
- 20.5.2. Once a procedural motion is submitted, or triggered, those entitled to vote have one week to vote on the motion.
- 20.5.3. A procedural motion is decided as soon as either more than two thirds of eligible votes have indicated support for the motion or more than one third of eligible votes have indicated opposition to the motion, or the week has elapsed. If the week has passed without the procedural motion being passed it is deemed to have lapsed.
- 20.5.4. Procedural motions take effect from the time they are decided.
- 20.6. If a procedural motion is carried to vote on the submitted active motions, a vote will be taken.
 - 20.6.1. The vote will be a compulsory preferential vote, with the addition of 'Status quo' as an option that remains in the count until the conclusion.
 - 20.6.2. To pass a motion requires a two-thirds majority versus the status quo option once preferences are distributed.
- 20.7. Appointing people to positions will proceed directly to a vote once nominations close.

21. Reports

- 21.1. Speakers giving a report will by default be granted a maximum of ten minutes unless otherwise specified.
- 21.2. The speaker giving a report may be given the opportunity to respond to a direct question but this does not imply a right of reply to every speaker.

22. Teleconferencing/Online participation

- 22.1. The facilitator will:-
 - 22.1.1. From time to time check with participants online that they are still present and able to follow proceedings.
 - 22.1.2. Ensure that participants online have an opportunity to be included on the speakers' list.

23. Miscellaneous

- 23.1. That a fine of \$2 be levied on any member whose mobile phone or other electronic device interrupts a meeting. The imposition of the fine will be ruled on by the facilitator. Any money collected in this manner will go towards the costs of the meeting.
- 23.2. Any documents to be circulated must be submitted to the Secretary.
 - 23.2.1. The Secretary can determine that a document not be circulated if it is not relevant to the meeting.
